

Dear ONE Troy,

Last night, our teams presented the tremendous amount of work that has gone into planning for the 2020-21 school year to our Board of Education. The meeting was streamed live on Facebook for parents and the community to see. If you did not see the meeting, you can view the link here (note: you do not need a Facebook account to see this video):

Here is the PowerPoint of the presentation used:

Today, we held a Community Conversation with our teachers and staff to answer their questions about the plans ahead.

Our next steps are these:

On Monday, we will hold a Community Conversation live on Facebook at 5pm for our parents. As we did with our other Community Conversations in the Spring, you will have the opportunity to submit questions through this form that will be answered during that live event:

Then on Wednesday, our Board of Education will vote to approve which plan we will use to start the 2020-21 school year. It's important to note that it's possible all three plans will be used at some point in the year (100% virtual, Transitional/Hybrid and 100% in-seat) as the status of the virus in our community changes. That is part of the reason we took the time and effort needed to design three plans that can work seamlessly together to give families maximum flexibility and allow students to learn from anywhere, anytime.

Please note: you can always choose 100% virtual at any time for your child. On Tuesday, the Board will consider whether it's feasible to safely offer either of the other two options. At that time, we will communicate to our community.

We thank you for your patience and support moving forward,

Kerry Birmingham
