

**Suffield Public Schools**  
**Financial Status Report as of June 30, 2020**

Attached please find the General Operating Budget, the Federal and State Grants, the Food Service Income, and the After-school Program reports for the year ending June 30, 2020. The Food Service report is preliminary, as it needs to be reconciled with Aramark. Also enclosed are reports showing the savings from the school closure and a report detailing the transfers from grants and Open Choice to the BOE budget. Lastly, there are grant reports regarding all grants and Open Choice, which were shared with the Board of Finance at its meeting on July 13, 2020.

**2019-20 Budget to Actual**

Our year-end surplus is \$158,826 compared to a projection of \$210,768 in May and \$392 in April.

The changes over the last two months were mainly in savings from Regular and SPED Transportation, SPED Tuition, and utilities. These were offset by transfers of Open Choice expenditures to the BOE and some end of year expenditures. The savings and the transfers and expenditures details are on the attached reports.

**State and Federal Grants**

This report contains state and federal grants and private grants received by the Suffield Public Schools.

The Open Choice expenditures were reduced to zero for 2019-20 leaving a balance of \$1,150,445. A report of the history of revenue and expenditures for Open Choice is attached.

The DSS grant was reduced by \$150,000 which was the amount of the grant award for 2019/20. We were unable to locate appropriate service providers to meet the terms of this grant so after discussion with the state, it was determined that we would not accept the funds for this grant.

**Food Service**

The preliminary food service report shows a loss of \$32,608 for June and a loss of \$9,515 for the year, which is slightly higher than last year. Although we served more meals in June, labor costs were high due to the timing of payrolls and assignment of benefit costs to the food service account. This report is preliminary, as we still need to reconcile our amounts with Aramark's amounts. They currently show a loss of \$16,541.

**After-school**

I have provided a report with the after-school income for 2018/19 and 2019/20 as well as the balance since inception. We have been using some of these funds each year to purchase materials such as library books and non-consumable math and ELA materials for AWS and MCA. The balance of \$118,014 is available funds. We have projected to spend \$100,638 of this in 2020-21.

**Transfers**

As noted at the last BOE meeting, the board will need to approve the attached transfers to transfer funds to provide funds for any line items which were negative as of June 30.

**Summary**

We saved approximately \$830,000 from the school closure which added to our projected \$243,478 surplus prior to the school closure. We utilized these funds to move grant and Open Choice expenses to the BOE budget. This allowed us to reduce our 2020/21 budget request and will provide additional budget flexibility for future years. After these transfers, we had a year-end balance of \$158,826.

Respectfully Submitted,

Bill Hoff

Business Manager
