

Phillips Brooks School

COVID-19 Testing Exemption

Form updated August 14, 2020

In order to be exempted from the school's testing requirement, please indicate to all of the following conditions below by initialing each, signing this form, and then uploading it to the Magnus Health Portal in place of the COVID-19 PCR Test result. This form must be on file no later than August 25.

Parent Name: _____

Child 1: _____ **Grade:** _____

Child 2: _____ **Grade:** _____

Child 3: _____ **Grade:** _____

Child 4: _____ **Grade:** _____

Initial each of the following statements, indicating your agreement:

_____ Our family has elected 100% distance learning for the children listed above. Our intention is not to have our children return to campus when blended learning begins. We understand there will be limited opportunities to switch from 100% distance learning to on-campus learning and that this exemption is intended for those who are planning to remain home even when on-campus learning begins.

_____ Our family is engaged in strict, ongoing quarantine or shelter-in-place protocols, during which we are limiting all non-essential departures from our home; going to a testing facility would represent an excursion beyond our current level of comfort or safety.

_____ Our family agrees not to participate in any school-sponsored, in-person activities (such as the Connection and Socialization Program) for the duration of the period of distance learning (at minimum).

_____ Our family agrees not to participate in any other non-school-sponsored, in-person social or learning activities (such as team sports or social or learning pods) for the duration of the period of distance learning (at minimum).

_____ Our family agrees that if any of the circumstances above change, we will notify the school immediately, and we understand that we will need to wait for a negative result from a COVID-19 PCR test before we can resume in-person contact with the PBS community.

I agree to all of the terms above.

Signature: _____ **Date:** _____
