

Hello Students and Parents!

Welcome to the fifth grade! I hope your summer was filled with amazing memories, time with family, and tons of fun! My name is Mr. Hackworth and I will be your fifth grade teacher for Math and Science this year at JMI! Ms. Hunter and I have a great year planned for you and we are excited to share a great school year with you. This year you will make many friends, discover many things, and collaborate on a ton of Math and Science Projects!!

I am so excited to get to know each and every one of you as individuals and students in our classroom. Our classroom is a community and a team; so it is important that we be respectful and responsible members of our classroom. Our goal is to create a supportive environment filled with kindness and trust. In our classroom we will become mathematicians, scientists, authors and historians by exploring and discovering new things . We are counting down the days until we get to see all of your smiling faces! We hope you enjoy the final days of summer, see you soon!

Sincerely,

Mr. Hackworth

- September 2nd is the first day of school! (and also my birthday!!)
- Our class website is where you can find specials, supply list, etc.
- Please be sure to bring ALL of your school supplies on the first day of school.
