MORNING
CALL**

August 17, 2020

Hello Elementary Families,

The following includes important information about Elementary School which will start on August 31, 2020.

Elementary School Hours for Hybrid Plan Learners

The move to the Hybrid Schedule has required a change to school hours. Students will be permitted to enter elementary schools at 8:35 AM (no change from last year), but will be dismissed at 3 PM (30 minutes earlier than last year). This will enable some extra time for students to load the school buses in a socially distanced manner and allow teachers to check in with e-learners at the end of each school day.

Bus Assignments for Hybrid Plan Learners

Bus assignments are scheduled to appear in Home Access Center this Wednesday, August 19, at 5 PM. After reviewing the information for your student, please call your school's main office if there is something you need to change (the sooner, the better). You may access your school's contact information by clicking on the school link from [this page](#) and scrolling to the bottom of the school webpage for the phone number.

August 27 - Last Device Pick-up Day and Parkland Online Learners Instructional Materials Pick-up Day

Thursday, August 27th, from 9 AM - 3PM, will be the final device distribution day for all Grades K-5 students. Additionally, packets of materials for all Parkland Online Learners will be available for pick-up. Your individual elementary school will be in touch with more details about exactly where to go to pick up the materials within the building.

Thank you,
Parkland School District
