

## Denial to Purchase Ala Carte Food Form

Please know that this fall, all students will automatically be allowed to make ala carte food purchases thru their pre-paid lunch accounts.

If you wish to deny your child from purchasing ala carte foods, please read below:

The parent/guardian option to deny ala carte food item purchases for your child is available to parents/guardians ONLY by completing this form.

If you wish to NOT have ala carte purchases available to your child, complete and sign the lower section of this form, and return to the school's Food Service office. Please complete one form for each child. This signed document will be active and in effect through your child's enrollment in middle school.

Note: If at any time you wish to change this option, the parent/guardian must notify their school's Food Service Manager.
