

## OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

### Philomath School District 17J

Under ODE’s **Ready Schools, Safe Learners** guidance, each school<sup>1</sup> has been directed to submit a plan to the district<sup>2</sup> in order to provide on-site and/or hybrid instruction. Districts must submit each school’s plan to the local school board and make the plans available to the public. This form is to be used to document a district’s, school’s or program’s plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the [Ready Schools, Safe Learners guidance](#) document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,<sup>3</sup> parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

<sup>1</sup> For the purposes of this guidance: “school” refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, “school” will be used inclusively to reference all of these settings.

<sup>2</sup> For the purposes of this guidance: “district” refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

<sup>3</sup> Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

Recognizing and supporting the diverse needs within the Philomath School District, equity is a critical lens for our planning and actions. Our schools are dedicated to placing students, families, and staff at the center of our considerations for the 2020-2021 school year. Clemens Primary School (CPS) has taken input from all staff as well as putting together a smaller work group to write the formal plan. Parents have participated in two district-wide surveys and two virtual 'Town Hall' meetings.

Through September, CPS will begin with a slow-start, with students physically attending school two days per week and receiving Comprehensive Distance Learning on the other weekdays. If advisable, based on updated guidance, students in Kindergarten and 1<sup>st</sup> grade will return to physical attendance at school for four days each week. This represents a commitment to serving our youngest learners (K-2) in-person as much as possible. If major changes to guidance and practice, CPS stands ready to more quickly move to additional on-site learning or to comprehensive distance learning.

Clemens Primary School will offer access to four days of on-site learning for students from marginalized and/or underserved student populations. The current CPS student population is represented as follows:

- 35% Free/Reduced Lunch
- 9% Hispanic
- 8% Non-White
- 92% White
- 5% Emerging Bilingual
- 9% Special Education
- 3% Section 504

3. Indicate which instructional model will be used.

*Select One:*

- On-Site Learning     Hybrid Learning     Comprehensive Distance Learning

4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-16 in the initial template) and [submit online](https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a). (<https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a>) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

\* **Note:** Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

### 1c. PHYSICAL DISTANCING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <li>☒ Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all space in the calculation. This also applies for professional development and staff gatherings.</li> <li>☒ Support physical distancing in all daily activities and instruction, maintaining at least six feet between individuals to the maximum extent possible.</li> <li>☒ Minimize time standing in lines and take steps to ensure that six feet of distance between students is maintained, including marking spacing on floor, one-way traffic flow in constrained spaces, etc.</li> <li>☒ Schedule modifications to limit the number of students in the building (e.g., rotating groups by days or location, staggered schedules to avoid hallway crowding and gathering).</li> <li>☒ Plan for students who will need additional support in learning how to maintain physical distancing requirements. Provide instruction; don’t employ punitive discipline.</li> <li>☒ Staff should maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings.</li> </ul>	<p><b>Overall:</b></p> <ul style="list-style-type: none"> <li>• Remove extra furniture to make more room</li> <li>• Remove fabric-covered furniture</li> <li>• Assign seating to maximize physical distancing and minimize physical interaction.</li> </ul> <p><b>Pre-School (PK), Kindergarten (KG) and 1st Grade</b> – Total of nine classes; one PK, four KG and four 1st Grade. In September, each class will be split in half to support physical distancing and allow staff to teach COVID protocols and expectations. Beginning in late-September, and pending state-wide COVID numbers, we plan on beginning on-site learning for all students each day. In both scenarios, each class will be supported by the classroom teacher and an Instructional Assistant (IA), both to provide instructional support and to support/encourage physical distancing. Schedules will be created so that the PK, KG and 1<sup>st</sup> grade cohorts DO NOT come into contact with one another during passing times or during transitions to music/PE/library/recess/lunch outside the classroom.</p> <p><b>Additional Considerations:</b></p> <p>Special education services will be planned and provided by Case Manager in collaboration with the classroom teacher. Most services will be provided using a push-in model within the classroom. However, when 1-1 support is needed, specialists will maintain physical distancing, wear face shields, and use Plexiglas partitions as necessary.</p> <p>Speech/Language Pathologist: 1-1 or small group therapy will be conducted in SLP’s personal office. SLP will be provided a face shield and a Plexiglas partition.</p> <p>Music: The schedule will include rotations with each class traveling to the music classroom for instruction. Each cohort will be given their own items to use for the lesson and will not share with other classes. Classrooms will be cleaned and sanitized between classes.</p> <p>PE Instruction: PE classes will be scheduled in the gymnasium or outside, with cohort groups. Classes will be scheduled so there’s enough time for cleaning and sanitization between groups. Each cohort will be given their own items to use for the lesson and will not share with other classes.</p>
