

REQUIREMENTS FOR GRADUATION

Requirements for Graduation

The administrators advise students about course selection to ensure that they are choosing courses judiciously with attention both to the student's strengths and interests and to graduation requirements. Students and parents are urged to consult with an administrator or the College Guidance department when there are questions about a student's courses.

Students who fail any Torah Studies or General Studies courses will be required to earn credit for the course by taking a Hillel Yeshiva approved course. Students who do not make up the failed course in an approved manner may not be promoted to the next grade nor will they be eligible to graduate. Parents/Students are responsible for registering for all make up or summer courses.

Graduation Requirements

- 4 years of English
- 4 years of Halakha
- 2 years of Hebrew Language
- 3 years of History
- 4 years of Humash
- 1 year of Intro to Excel
- 4 years of Math
- 4 years of Navi
- 3 years of Science
- 4 years of Torah SheBa'al Peh
- 3 years of Writing

We encourage all students to take four years of Science, Ivrit and History, however, we offer other academic courses for those who elect otherwise.
