

WELCOME TO TEAM RACER!

Each child on the Racer Team will need the following school supplies:

- A year's supply of #2 pencils and lined loose leaf notebook paper- store surplus in locker
- A sturdy storage system with either rings or folders to collect handouts in all classes
- A one inch 3 ring single subject binder for science class
- A one inch 3 ring single subject binder for social studies class
- A single subject spiral notebook for math class
- A bound composition notebook for literature class
- Your own colored pencils
- Colored Markers
- Highlighters
- Glue Sticks
- Erasers or eraser caps
- Scientific Calculator- recommended: Texas Instruments® TI-34 MultiView™ or TI-30XS MultiView™
- 1 box of tissues for homeroom teacher (more requested for 2nd semester)
- Please help your child label each supply with the class name

We are requesting a 2" x 2" photograph of each child for a team project that we'll work on the first week of school.

Your child should come prepared and rested, ready to learn. Classes begin earlier in middle school than elementary school, so a good night's rest will help their success. Your effort to schedule outside appointments and family trips so they do not impact learning throughout the school year is appreciated, as well.

Miss Crossey will serve as the team leader this year. If an issue would be best shared with the entire team, please contact the team leader. For questions about a particular class, it is always best to contact the teacher directly.

We are fortunate to have Ms. Amy Whealdon as the Team Racer guidance counselor. She is a friendly face and a great resource who works closely with our team.

Throughout the first week or so, we ask for your flexibility and patience as we make some shifts in class schedules to best deal with issues of class size and student distribution. Your child will have the **same** teachers in their first day schedule. However, there may be a switch in the order of their class periods.

Team Racer is a FIVE person team:

Miss Crossey - Math
Mrs. Raitano - English
Mrs. Sabram - Science

Mrs. Tanner - Literature
Mr. Fronk - Social Studies

Take a deep breath. Your children will be in good hands. We look forward to a year of learning and growth. Rest up!

Welcome to Mellon Middle School!
