EMISTING SANITIZERS

Employee Assistance Program

Dial Care Mental Health Program

Employee Assistance Program to provide all employees with access to professional counseling for them and their families.

Two programs were investigated with almost identical costs.

- A committee of counselors studied the two programs and recommended Dial Care Mental Health Program that allows for unlimited virtual or phone visits.
- The other program was capped at 3 in person visits annually.

This funding would be provided through the benefits section of the budget.
