

Appendix III: Grades 6 - Grade 8 Representative Schedules

Upper Division Representative Schedules

Many elements of daily patterns are consistent at every grade level:

- All students and teachers will be masked and physically distanced in the classroom.
- All students will learn in clearly defined clusters.
- All students will eat lunch in their classroom (or in another socially distanced space with classmates with every effort to have lunch and snack outdoors).
- All-Remote Wednesday at all grade levels, allowing for cleaning, evaluation of campus safety, practice with remote teaching and learning skills, and a break from the restrictions imposed due to COVID.

For each of the representative schedules below,

- The **light orange** is social emotional learning blocks such as morning meeting, advisory, Growth Education, and clubs.
- The **light green** blocks are in-person instruction.
- The **dark orange** blocks are flex time for mask breaks, snack, extended instruction, and transition between subjects.
- The **dark green** is virtual instruction both on-campus and off-campus.
- And, the **salmon** blocks are flex times when remote.
