

SENIOR COLLEGE PLANNING KIT

Jim Early, Career Center Counselor
541 440-4155
yearly@roseburg.k12.or.us

Revised 8/20

There is no question that the 2020-21 school year will be unique. Traditionally, the Roseburg High School Career Center makes available an "Important Dates" flyer that would be on this page that you are reading. The flyer would inform of dates and times for workshops around college-going topics like how to prepare, financial aid, scholarships, college fairs, and more. Most of these events take place in the Fall. We believe that this information is still important for students and parents to have. Hence, the Career Center will be utilizing other tools to get this information to students and parents.

The Career Center staff wants to help students transition into the next phase of their lives, whether that be pursuing studies at a 4-year university, Community College, Military, or a Trade School. With that in mind, here are few pieces of information for you:

- There will be a virtual **College Fair** for students and parents to "attend". The College Fair will be hosted during several time slots during the week of October 5th. Information about the fair will be coming out in September.
- The **Career Information System (CIS)** is a very useful and comprehensive tool to help students determine what their next steps might be. Students are encouraged to use this tool. Go to: <https://resources.finalsite.net/images/v1579299574/roseburgk12orus/hi2hidxtvth1ehqieggz2/CISguidebook19.pdf>
- There are 17 **Community Colleges** in Oregon with over 60 campuses. There are many interesting and rewarding programs that students can pursue and land good paying jobs upon completion of the programs especially in the Health Services and Industrial & Engineering Systems field. For a list of all the programs at Oregon Community Colleges, check out the Viewbook at: www.oregon.gov/ode/learningoptions/CTE/data/Documents/occvviewbooklegalsize.pdf
- Are you a person who likes to work with their hands and would like to land a well-paying job in the **Trades**? The Northwest College of Construction offers students an opportunity to get paid during the day and attend classes at night. Check them out at: <https://nwcoc.com/about-us/>
- The **Military** is a good choice for some students. The military offers an opportunity to receive training in an occupation that can carry-over to civilian employment you're your service contract is fulfilled. There's more information in this packet about the other benefits the military can offer you.

Also, there is lots of good information available to you on the Career Center webpage. Check it out at: <https://rhs.roseburg.k12.or.us/about-us/career-center>

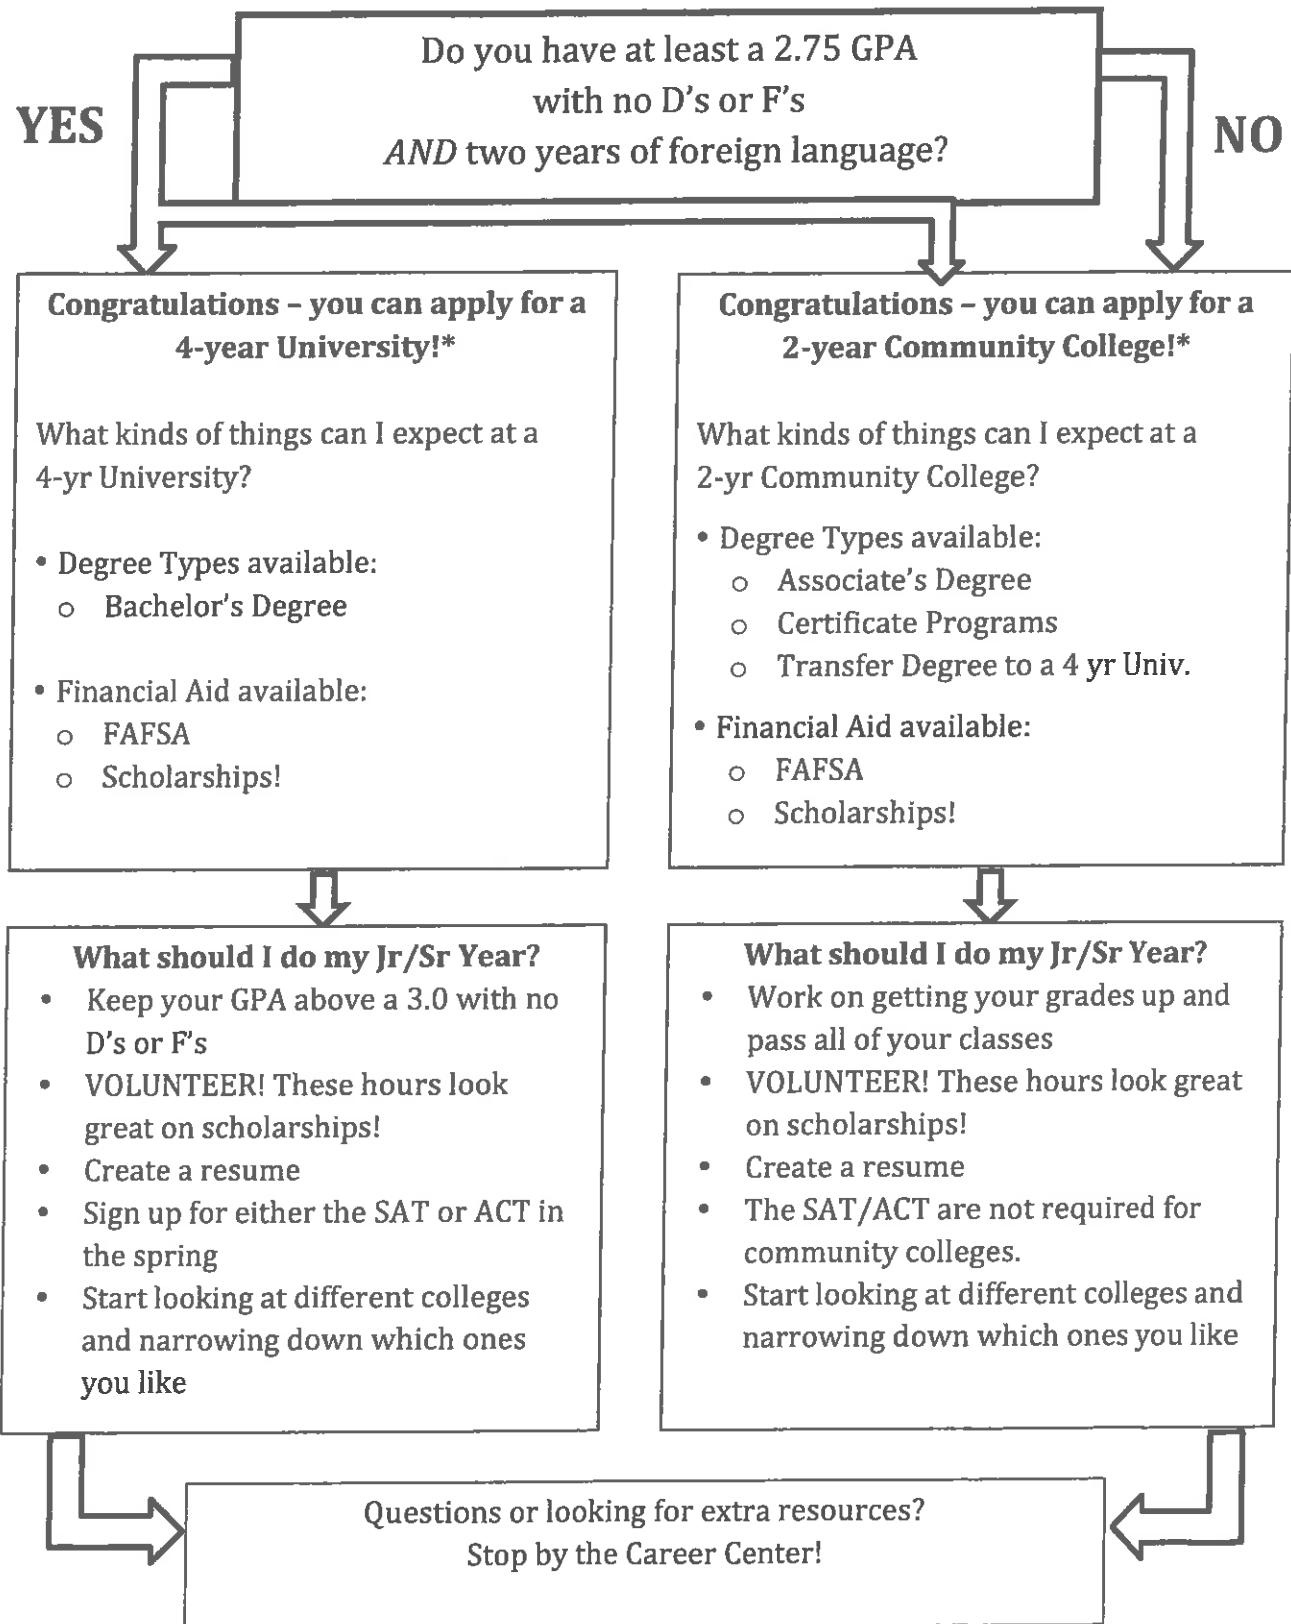

In closing, yes, this year is going to be unique, but that isn't going to change the fact that you are going to graduate in June of 2021 and you need a plan for what you are going to do next. Utilize the information in this packet, the links above, and of course you can email us for help.

Hope to see you soon.

Jim Early

WHAT COLLEGE PATH IS RIGHT FOR ME?

**These are general Oregon Universities' admissions requirements. Ds and Fs will affect eligibility. Special exrentions always accepted.*

Is the Military Right for You?

<u>Military Branch</u>	<u>Minimum ASVAB Score</u>
Air Force	36
Air National Guard	31
Army	31
Coast Guard	50
Marines	31
National Guard	31
Navy	31

An ASVAB score is derived from the following sections:

Arithmetic Reasoning, Math Knowledge, Paragraph Comprehension, Word Knowledge

What is tested on the ASVAB?

Arithmetic Reasoning
Auto & Shop Information
Coding Speed
Electrical Information
General Science
Mathematical Knowledge
Mechanical Comprehension
Numerical Operations
Paragraph Comprehension
Word Knowledge

Physical Fitness Test (PFT)

Before going to boot camp you will be expected to pass a fitness test that consists of push-ups, sit-ups, pull-ups (for the Marines), and a run.

Benefits of military enlistment include:

- Guaranteed job
- Training that could lead to civilian employment later
- Medical, dental, and vision insurance
- Education benefits
- Travel

College planning calendar for seniors

September

- Narrow your list of colleges to 5 to 10. Meet with a counselor about them and, if you've not yet done so, download college applications and financial aid forms. Plan to visit as many of these colleges as possible.
- Create a master list or calendar that includes:
 - tests you'll take and their fees, dates, and registration deadlines.
 - college application due dates.
 - financial aid application forms required and their deadlines. (Note: Aid applications may be due before college applications.)
 - other materials you'll need (recommendations, transcripts, etc.).
 - your high school's own application processing deadlines.
- If you can't afford application or test fees, a counselor can help you request a fee waiver.
- If you have not had your test scores sent to the college to which you are applying, be sure to contact the College Board or ACT to have your scores sent.

October

- Try to finalize your college choices.
- Prepare Early Decision, Early Action, or rolling admissions applications as soon as possible.
- Ask for counselor or teacher recommendations if you need them. Give each teacher or counselor an outline of your academic record and your extracurricular activities. For each recommendation, provide a stamped, addressed envelope, and any college forms required.
- If you're submitting essays, write first drafts and ask teachers and others to read them. If you're applying for Early Decision, finish the essays for that application now.
- If you have not had your test scores sent to the college to which you are applying, be sure to contact the College Board or ACT to have them sent.

November

- November 1–15: For Early Decision admissions, colleges may require test scores and applications between these dates.
- Complete at least one college application by Thanksgiving.
- Counselors send transcripts to colleges. Give counselors the proper forms at least two weeks before colleges require them.

College planning calendar for seniors (page 2)

December

- As you finish and send your applications and essays, be sure to keep copies.
- If your college wants to see seventh-semester grades, be sure you give the form to your counselor.

January

- If you apply to colleges online, be sure to have your high school send a transcript—it goes to colleges separately, and by mail.

February

- No senioritis, please! Accepting colleges do look at second-semester senior grades.

March

- Keep active in school. If you are wait-listed, the college will want to know what you have accomplished between the time you applied and learned of its decision.

April

- You should receive acceptance letters and financial aid offers by mid-April. If you've not done so yet, visit your final college before accepting. As soon as you decide, notify your counselor of your choice.
- If you have questions about housing offers, talk to your counselor or call the college.

May

- May 1: Colleges cannot require a deposit or commitment to attend before May 1. By that postmarked date, you must inform every college of your acceptance or rejection of the offer of admission and/or financial aid. (Questions? Talk to your counselor.)
- Send your deposit to one college only.
- Wait-listed by a college? If you will enroll if accepted, tell the admissions director your intent and ask how to strengthen your application. Need financial aid? Ask whether funds will be available if you're accepted.
- Work with a counselor to resolve any admissions or financial aid problems.

June

- Ask your high school to send a final transcript to your college.

Helpful Hints for a Campus Visit

College campus visits can be incredibly helpful as high school students figure out where they might study happily for four years. Before visiting colleges, develop a list of questions and plan specific activities so you can learn as much as possible about the academic and social environment, along with information on how various schools support students.

- * Schedule an interview with the admissions office. You will probably be able to spend 15 minutes with a current student who works in the office. They will be looking to see if you fit in terms of personality and attitude - you'll be able to make the same judgements about them. (Admission requirements, financial aid, school calendars and tuition fees can be found ahead of time on the college web site or in the school's written materials.)
- * Plan to meet with students and faculty. Ask questions!
- * If possible, attend class. Note class size, professor's teaching style, and the general academic atmosphere.
- * Take a campus tour. Be sure to visit the library, career center, the dining halls and residence halls, if possible.
- * Find out about transportation options that are available around, on and off campus.

QUESTIONS TO ASK STUDENTS

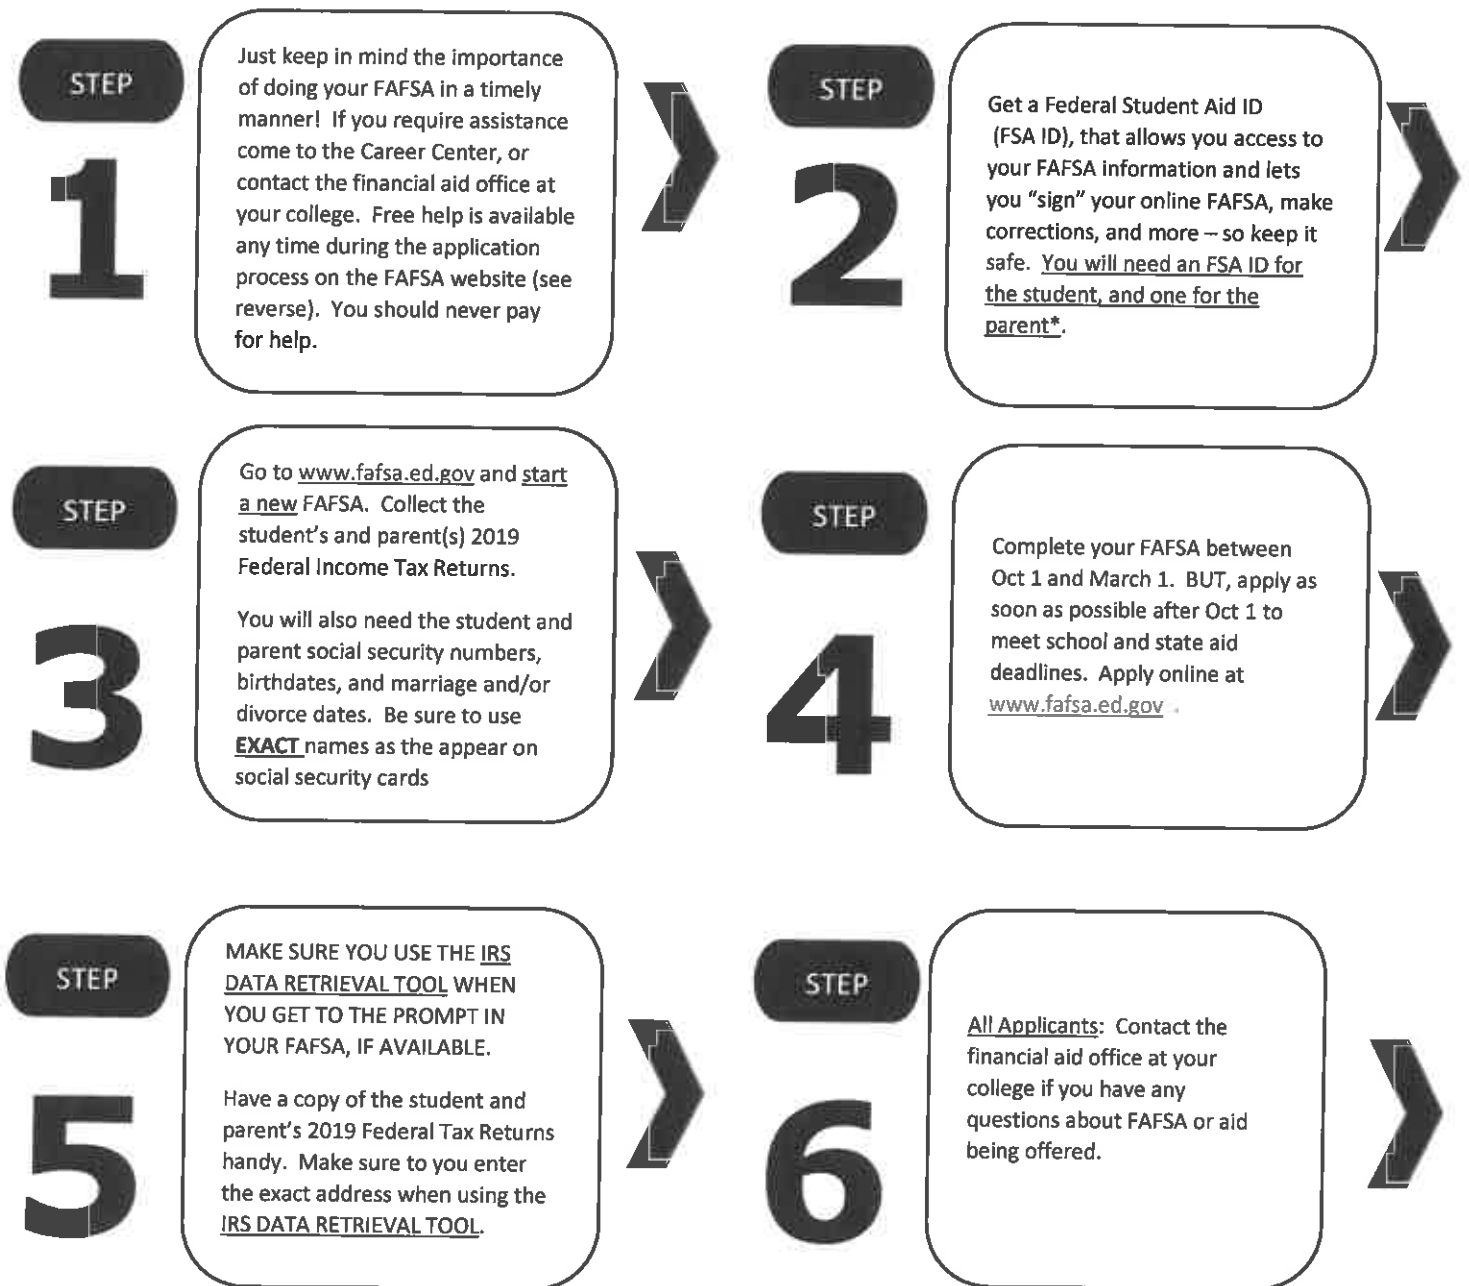

- * What do you like most and least about this school?
- * Do you consider the school a happy place?
- * What are classes like? What are the largest and smallest classes you've taken? Is it easy to get classes you need?
- * Where do students study? Is it easy to study in the library? In the dorm rooms?
- * How competitive is the environment?
- * Are libraries, library services and research resources easily available?
- * Are professors easy to talk to outside of class? Are classes taught by graduate students?
- * What is the food like? What meal plans are offered?
- * Do many students participate in sororities and fraternities? How important is the greek system to the school's social life?
- * Do many students participate in sports and attend sports events/games?
- * Where do students hang out on and off campus? Describe a typical weekend.
- * Do many students live off campus?
- * Do many students go home for the weekend?
- * How many students have cars? Where do they park and how difficult is it to find spots?
- * If you'd known then what you know now, would you choose to attend this school again?
- * Is support available when you need it? Would you know where to go if you needed help?
- * Is technical support easily available?

QUESTIONS FOR ADMINISTRATORS

- * Ask questions you may have about admissions, availability of undergraduate research, study abroad, etc.
- * Does the college accept AP classes for credit? Is there a minimum AP test grade? Is credit given for college classes taken during high school?
- * What percentage of students graduate in four years?
- * What percentage of students transfer out?
- * When does one have to declare a major?
- * Who serves as student advisors?
- * What kind of computer access/Internet access is available in the dorm rooms/common areas?
- * Where are computer labs located? When are they open? Is there usually a waiting list?
- * Is there a safety escort or shuttle service for students on campus at night? Describe on-campus security.
- * What are the dorms like? After freshman year, what percentage of students live off campus?
- * How strong is the career center? What percentage of students go on to graduate school?

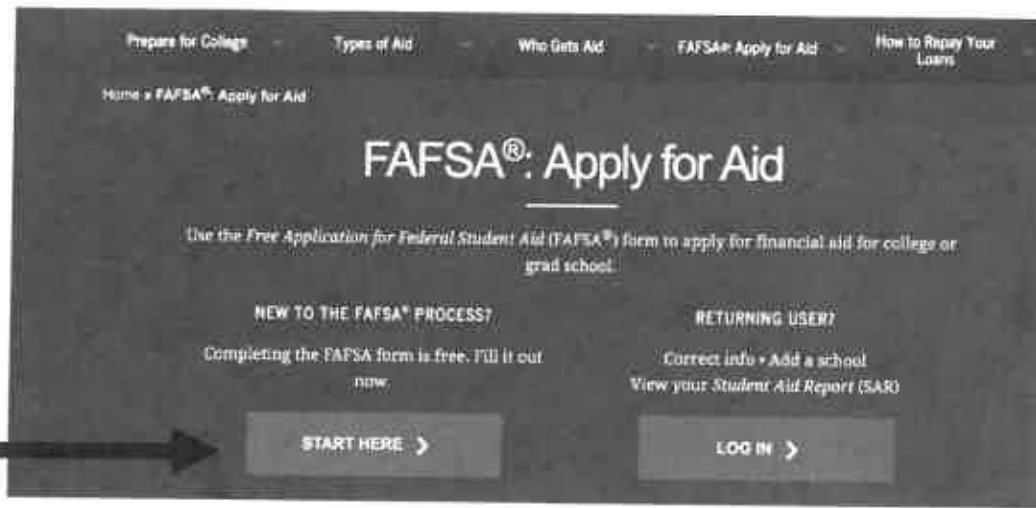

Free Application for Federal Student Aid

FAFSA

***IMPORTANT NOTE:** Make sure you make note of both student and parent FSA ID login information. Keeping the information in your phone contacts seems to be a popular solution. You will need to file your FAFSA every year you are in college and you will not be able to create a new FSA ID.

Go to: <https://fafsa.ed.gov/>

You will create a FSA ID for both the parent and student.

Important!!!

Remember: Keep your FAFSA FSA Login information in a safe, secure, yet accessible location. Losing track of this information can present time consuming challenges.

Information needed by student & parent to fill out FAFSA:

- Birthdates and social security numbers for both student and parent
- Latest Marriage/Divorce/Separation date
- Previous year (2019) tax forms and income estimates (from W-2s or last pay stub) and other untaxed benefits and retirement contributions.
- Current balances of all checking and savings accounts for student and parent(s)
