

June 2020

Dear First Grade Students,

We would like to welcome you to our first grade family for the 2020 - 2021 school year. We are looking forward to meeting all of you in September and cannot wait to do many fun and interesting activities with you. There are many ways that you can prepare for first grade. Please read to and with an adult during the summer. Talk about the books and fall in love with the places or people you meet in these stories. Please practice counting numbers forward and backwards and notice where you can find numbers in the world. Most of all enjoy your summer together. Discuss all the places you have gone to, as well as the activities and games you have done together. Make this a summer of talking and having fun as a family!

Sincerely,

The First Grade Teachers
