

HOLMDEL TOWNSHIP SCHOOLS

August 20, 2020

Dear Parents,

The Plan to open schools is a working, dynamic framework designed to evolve as we receive feedback from our community. As a result of suggestions from you, we have modified the hybrid schedule to better meet your needs by eliminating virtual Wednesdays and scheduling the teams so they are either in-person on Monday and Thursdays or Tuesdays and Friday throughout the year.

The following charts show the rotating schedules for the blue team and the silver team. They are designed so you can identify the days when your child is in school and when they are at home receiving virtual instruction. The high school and Satz schedules include specific periods while the other schedules only show the days your child will be in-person or virtual since Indian Hill and Village teachers set the daily schedule and are not restricted to a strict period by period format. Students will be alphabetically assigned to one of these teams over the next week to ensure classes are balanced. Changes to team assignments will only be made to balance class size and ensure siblings attend school on the same days.
