

HOLMDEL TOWNSHIP SCHOOLS

Covid 19 Alert

Revised August 21, 2020

We just learned that the shipment of the UV-C lighting fixtures that we will be installing in all of our classrooms has been delayed. We anticipate the lighting fixtures arriving in mid September at which time we will begin immediate installation. Despite the delay in the arrival of these fixtures, we are confident that our buildings are safe due to our enhanced cleaning protocols and the significant steps we have taken to provide a safe environment for our students and staff ([Mitigating Actions](#)). If this delay affects your decision regarding the most appropriate program (Hybrid or Virtual) for your child, please inform your child's building principal so we can make the necessary adjustments.

Dr. Lee Seitz

Interim Superintendent of Schools
