Device Insurance

Sunset Elementary is providing an Optional Laptop/iPad protection plan for students and parents. The Discretionary Protection Plan supports the Computer Use Agreement and enrollment in the plan is optional with the understanding that if students/parents do not enroll in the protection plan, they will carry full liability for the laptop/iPad in the same way they do for other damaged or lost school property, such as textbooks. You can see the full details of the plan in the file that is attached to this email. (See below)

The Protection plan cost is a per device cost and not per family. To purchase this optional coverage Log in to myDSD and click on Payments>Pay for Fees/Lunch>Optional Fees. Once in there you will find and option for Device Protection Plan.

You will have the option to purchase this protection until September 25, 2020. The school device you are purchasing the protection for must be in working order when purchased.

Thank You

Big 5 and Masks

Sunset Elementary has worked hard to prepare school according to the BIG 5 outlined by Davis School District. We have planning for physical distancing and sanitation in all areas.

Please be sure that your child has plenty of masks to wear. They will get a couple of masks from the school but they will need more. Please wash these masks daily so they are clean for the next school day.

Masks are part of our dress code and as such need to be worn while at school. Scheduled mask breaks will take place throughout the day. Please be positive and supportive of masks and their role in slowing the spread of Covid-19.

If your child is feeling sick, please keep them home from school. We have staff that will help us with Covid contact tracing and questions that you may have.

Remember, you will need your photo ID to come in the building. Once in and if you are planning to go beyond the office, you will need a temperature check and to fill out a form about Covid symptoms.
