

Care of Instructional Materials**Damaged and/or Lost Instructional Materials**

Textbooks, paperbacks, library books, and other educational materials and equipment, including technology devices, are loaned to students for their use and they are responsible for the proper care of these books, materials, and equipment entrusted to their use. Students must pay the current value of any book, educational material, and equipment that is lost or damaged beyond ordinary wear.

The student and their parents/guardians have an equal responsibility to care for these loaned books, materials, and equipment, including technology devices.

All damaged, destroyed or lost materials or equipment including technology devices, regardless of the reason, must be paid in full before a replacement will be issued and before the end of the school year in which the damage or loss occurs or before a student officially withdraws from the Bethany Public School District (District).

Students who have not fulfilled these obligations may be denied technology replacement, checking out media materials, grades, report cards, transcripts, extra-curricular activities, and/or copies of any other records and recommendations from the District.

If any materials paid for are eventually returned to the school in acceptable condition, all funds will be returned to the student and/or parent/guardian.
