SAFETY

All participants and staff are required to wear a mask. Well-checks, temperature checks and COVID waiver signatures are all required at drop off. Visit ymcanoco.org/safety-protocols for details.

Programs are subject to change based on the changing needs of the district as well as state and local health regulations. Check ymcanoco.org for updates.

A PLACE TO LEARN & GROW

Join the Y for Remote Learning & Care

While school may look different this fall, the Y's remote learning space offers students a welcoming place to safely participate in distance learning while parents are at work. In YMCA programs, students in kindergarten through fifth grade will be supported as they participate in their remote learning programs while also staying active and enjoying fun activities throughout the day and after their virtual school day is complete.

In the Y program, staff will help students log on and connect to their school programs using their own headphones and laptop or device, assist with questions during remote learning and help keep students on track as they connect with their teachers online. During class breaks and after schoolwork is completed, the Y team will get students up and moving with fun and creative projects, games and activities to keep them engaged and active.
