**RE: Canteen Services AAS – PRE-ORDER System**

Dear Parents,

As the new school year is starting in the very near future, together with the AAS staff we have actively worked out a canteen food service plan in order to comply with all COVID requirements, while providing a quick and safe food service.

As mentioned in the letter by the director Tim Fries, the canteen services at AAS will be available on a pre-ordered boxed lunch only at the beginning of the year.

In order to assure a smooth start here is some important information:

- For any students that attended school last school year, the balance has been carried forward; this can be checked through our renewed website on the address: [https://parents.lfs.bg/parents.php](https://parents.lfs.bg/parents.php) using your login.
- The food service will be based on Pre-order only and in such we kindly ask to top up the credit line of each student by sending a payment to our IBAN BG 93 UBBS 8002 1089 4393 40 (Company name LFS EOOD), with the name of the student OR using the new secured website address [https://lfs.bg/produkt/zahranvane-na-smetka/](https://lfs.bg/produkt/zahranvane-na-smetka/)
- For the start of the new year, until further notice, the system of meal services is only based on a pre-order system and the lunch will be provided, as per the philosophy & requirements by AAS, in a BIO / Sustainable Packaging. The price per meal by age group will be as follows and each package will contain daily a fresh salad, main course and homemade dessert or fruit (alternating):
  - PreK Students – 7.80 BGN
  - ES Students – 8.50 BGN
  - MS-HS-Students – 9.70 BGN
- Pre-ordering can be done following the link [https://aas.lfs.bg/](https://aas.lfs.bg/). Orders can be easily placed for one week ahead and we will accept orders until 14.00 for the next day. The order will be prepared and packed and will be distributed on designated areas based on age group (indicated on-site). Each pack will contain the order, and cash receipt that will show the balance of the card.
- In the event you have pre-ordered and your student does not attend the school for any reason you may cancel the order by sending an email to aas@lfs.bg by 8.30am on the day of the pre-order. You will not be charged for timely cancelled orders, however we regret that beyond that time our service will produce the order and charge the card as ordered.

As a service company our goal is to provide meal services in a safe and healthy way and all meals will be prepared on-site with freshly sourced products. It is therefore important that your orders are received in a timely matter to assure the smoothest and efficient meal service possible.

While initially there will be a limited choice of meal combinations (regular or vegetarian) our goal is to increase choice if the food service load allows to comply with all requirements. In case your student does have a particular dietary need, please do send an email to aas@lfs.bg and we will do our best to comply with the specific requirements.

Culinary Regards,
Vincent Rombaut
