We would like to invite all those with an interest in formative assessment to attend our 'Assessment for Learning JAWs'. This workshop is an opportunity for both primary and secondary teachers to network with other FOBISIA members, to share good practice and to co-construct new knowledge.

All participants will be actively involved in planning the agenda and facilitating the sessions. Our intention is to use Dylan Wiliam's five key strategies of formative assessment to help structure the two days. We will also spend some time discussing the changing role of assessment within the new National Curriculum.

## The Five Key Strategies of Formative Assessment:

- 1 Clarifying, sharing, and understanding goals for learning and criteria for success with learners.
- 2 Engineering effective classroom discussions, questions, activities, and tasks that elicit evidence of students' learning
- 3 Providing feedback that moves learning forward.
- 4 Activating students as owners of their own learning.
- 5 Activating students as learning resources for one another.

The deadline for registration is **Friday 12th September, 2014.**

**Our recommended hotel is Salil Hotel (<http://www.salilhotel.com/thonglor/index.html>), located just a few hundred metres from school and the skytrain.**
