

SCIENCE: BEHIND THE SCENES

What: JAWS for Science Technicians

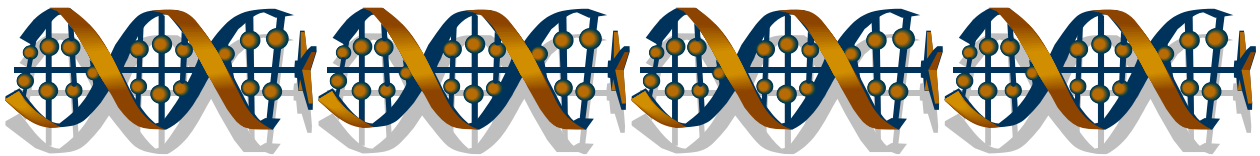

When: 15th – 16th November 2014

Where: Regents International School Pattaya

Cost: 1000 Baht
(transport to/from hotel and lunches)

Outside of the UK it can be difficult for science technicians to find the opportunity to meet other technicians with a view to improving our work within our own schools. This workshop is a great opportunity for technicians from different schools and backgrounds to get together and share our knowledge, information and best practice behind the scenes of science lessons. A Thai technician from Regents School will also be available to run Thai language sessions to make the course more accessible to local Thai technicians.

Deadline for registration is 10th October 2014.

Our recommended hotel is the Cholchan Resort
