

Venue: Dulwich College Suzhou, China

Date: Thursday 5th and Friday 6th March 2015

Intended for KS2 Heads of Science and classroom teachers

Junior Science JAWS

Objectives:

- To enhance the learning of our Junior students and raise the profile of science
- To create an occasion for FOBISIA teachers to meet in order to share expertise and resources
- To facilitate future collaboration and continued sharing of 'best practice'
- To participate in hands-on, interactive workshops

Workshops:

This is a list of suggested workshops. However, we would like to make the sessions relevant to your current needs, therefore, participants are invited to run workshops to share areas of expertise, interest or current challenges.

- Making science practical
- Child Initiated Learning
- ICT in Science
- Science in the community
- Making science cross-curricular
- Assessing SC1 skills
- Supporting EAL children
- Collaborative Proposal Writing for biannual Science FOBISIA

Available resources: (fully stocked science lab, food tech lab, iPads, laptops, ICT suite)

The final agenda will be finalized nearer the time

Accommodation

- Onsite Dulwich boarding house
(private single room 300RMB B&B)
- Youngor Hotel (standard room 550RMB)

Registration fee:

- 250RMB (lunch, refreshments, resources and hotel transfer)

Extra information:

- We can offer support for acquisition of a visa
- Airport transfer can be arranged at an extra cost (Hongqiao Airport 70km, PuDong Airport 120km, Wuxi Airport 44km)
- Optional evening meal out in Suzhou

FOBISIA
ESTABLISHED IN 1988
