This Job Alike Workshop on 24th and 25th April is an opportunity for FOBISIA Economics and Accounting teachers across the region to get together and share good practice. We hope to develop new ideas about the teaching of these two subjects. All participants will be actively engaged in creating the agenda to ensure that the two-day event meets the needs and wishes of those attending. All sessions will be delivered by those participating.

Sessions will include:

- Economics and Accounting outside the classroom and making the most of excursions
- Making the most of technology in teaching Economics and Accounting
- Effective use of internet resources
- Adapting to changes to the IGCSE, AS and A2 exam syllabuses
- AFL in Accounting and Economics classroom
- Building skills related to critical thinking, interpretation and analysis
- Differentiation for students with concern

If you have further ideas or areas of expertise outside these focus areas that you would like to share, we welcome your contributions. In keeping with the ethos of JAWS, we look forward to developing a truly collaborative program which will meet the needs and interests of all attending.
