

# FOBISIA

## Differentiated Learning in Chinese for Primary Educators

4<sup>th</sup> – 5<sup>th</sup> March 2016 8:45 – 15:00

Hosted by Tanglin Trust School Singapore

During the Job Alike Workshop (JAWs) there will be an opportunity to network with teachers from other FOBISIA schools to share experiences and effective practice on differentiated learning in Chinese for Primary pupils.

We expect educators who attend this JAWs to leave with an understanding of methods for differentiation in Mandarin classes, along with some strategies and techniques for planning and conducting lessons. One of the main highlights will be the use of iPads in class to support differentiated learning.

The JAWs will offer detailed insight into:

- Differentiation strategies
- How to plan a differentiated lesson
- A range of practical strategies from Nursery to Year 6
- How to support differentiation with iPads in Mandarin

**Other suggestions are welcomed!**
