FOBISIA LANGUAGE FOR LIFE JAWS ST ANDREWS INTERNATIONAL SCHOOL BANGKOK BANGKOK PATANA SCHOOL

On the 12th and 13th of February 2016, St Andrews International School Bangkok and Bangkok Patana would like to welcome Language teachers for our two day JAWS event. Both MFL and Home Languages will be addressed. Across both days we wish to invite teachers to share expertise and to work collaboratively to generate new ideas. Here are some of possible topics:

- Curriculum planning: Linking the home language to the mainstream classroom
- Story telling as a teaching strategy
- Strategies to improve spelling in native classes
- Formative assessment
- Using the classroom as a resource

We welcome and encourage all participants to share and contribute to the programme, which will hopefully meet the needs of all attendees. In the spirit of JAWS, all participants will be asked to facilitate and/or contribute to a short session and we welcome all input.
