

Possible discussion areas or workshops:

- ★ Creativity in the classroom - inspiration innovation, enthusiasm & individuality
- ★ Creativity in the curriculum - focusing on the Big Idea
- ★ Defining the creative curriculum
- ★ The benefits of purposeful play
- ★ Creative maths / literacy / PSHE
- ★ Topic-based learning using published schemes of work
- ★ Using IT to support creative learning
- ★ Assessment without levels - methods of recording progress
- ★ Creativity in the Early Years
- ★ Transference of skills - creativity across phases
- ★ Too old to play - putting the fun back into learning

We would like to invite you to share your experiences in these or other related areas and further your own understanding, learning and knowledge of the creative curriculum.

Day 1 will offer the opportunity to see creativity in action and take part in reflective workshops.

Day 2 will include a variety of workshops facilitated and led by delegates and St. Christopher's staff, offering opportunities for extended discussion and networking.

Please be aware that there is an expectation for all delegates to be involved in the presentation of a workshop at some point over the two days of the JAWs.
