

Computer Science JAWS
Jerudong International School, Brunei
Friday 7th and Saturday 8th October 2016

This Job Alike Workshop is an opportunity for FOBISIA computer science teachers across the region to get together to share good practice and develop new ideas about the teaching of computing. All participants will be actively engaged in creating the agenda to ensure that the two day event meets the needs and wishes of those attending. All sessions will be delivered by those participating in the workshop.

Some initial ideas for session topics are listed below:

- Physical Computing with Raspberry Pi computers;
- Developing discussion (and writing skills) on Computing issues;
- BBC Microbit (Simulator);
- Media Computing (Teaching programming through manipulation of images and audio files);
- Building programming skills for CAs at GCSE;
- Computational Thinking: Unplugged Algorithmic Thinking;
- The Little Man Computer (Unplugged) and Assembly Language;
- A look at resources: Hodder Dynamic learning, PG Online, and others;
- Teaching using Social Media (Twitter, Pinterest, etc.)

The above sessions are merely suggestions and may be adapted or dropped according to the wishes of those involved. It is hoped that the agenda will evolve based on the experience and interests of those attending. A Google Drive Folder will be shared with all delegates to build the agenda collaboratively as well as sharing resources in the run up to this event.

To register for the event please use this [link](#).

The deadline for registration is Monday 12th September 2016.

The **fee** for attending will be **\$80BND**. Suggested accommodation for the event is the **Radisson Hotel**. The rate per night is **\$150 BND+10% tax**. **Add an extra \$16BND for breakfast**. To contact the hotel please email reservations.brunei@radisson.com.

The fee will include meals, transport to and from the hotel plus relevant resources. Any further enquiries please email: simon.carter@jis.edu.bn.

Kind regards,

Simon Carter
Head of Computing
