## Gifted and Talented Conference and Workshop Empowering Educators: Intelligence and Beyond

Friday 24th March – Saturday 25th March 2017

We look forward to welcoming you to The British School, New Delhi, for what promises to be an exciting and rewarding two days. The school-wide Gifted and Talented programme at The British School has been given the maximum award of three gold stars by Potential Plus, UK, and we are deeply committed to creating the best possible provision for Gifted and Talented students.

**We are very pleased to announce that the world-renowned Professor Renzulli will join us for an interactive Skype session,** which will be a unique opportunity for participants to engage with probably the foremost expert in the field of Gifted and Talented education.

This workshop is designed for Primary and Secondary teachers, Gifted and Talented Co-ordinators, and SEN Co-ordinators who work with dually exceptional students. This two-day workshop will provide teachers with the opportunity to compare models of identification, provision and effective practice in the field of Gifted and Talented education.
