

# August Orientation 2020

Please refer to our [COVID-19 page](#) for more information about mandatory health and safety protocols during orientation. Students in quarantine will be able to participate in our orientation program remotely.

We have replaced all in-person family events at the start of school with an online version of orientation. We would be happy to schedule a one-on-one meeting for any family who wishes to meet with a specific department. Please contact [admissions@las.ch](mailto:admissions@las.ch) to schedule a meeting.

**\*Please note that everyone must wear masks while on campus except while eating, within student dorm rooms, or outside and physically distanced. Please note that all student orientation activities below will follow the Swiss health recommendations for physical distancing.**
