

Changing the Language Settings in Teams

Change Language in Settings

Go to: **Profile > Settings**

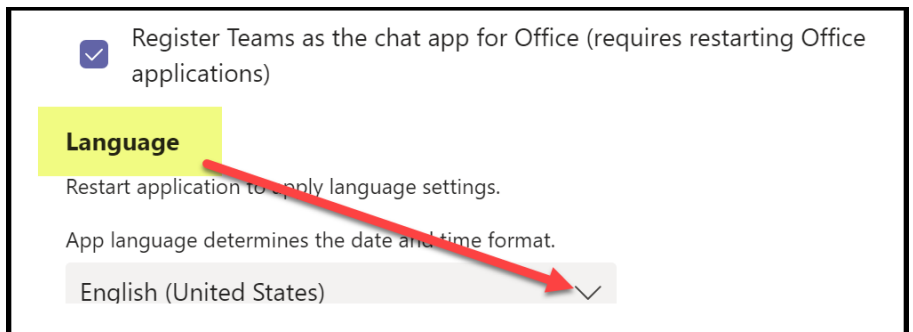

From: **Settings > General > Language** will be at the bottom of the screen.

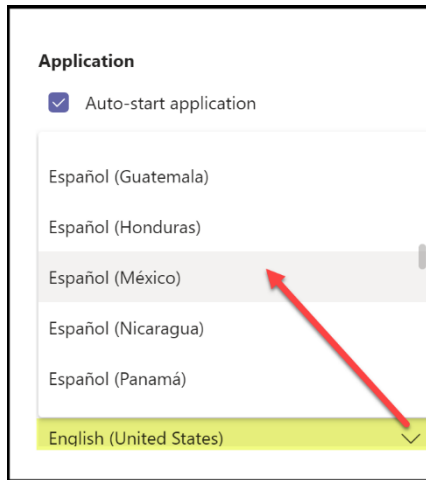

From Language: Click on the **down arrow** to see other language choices.

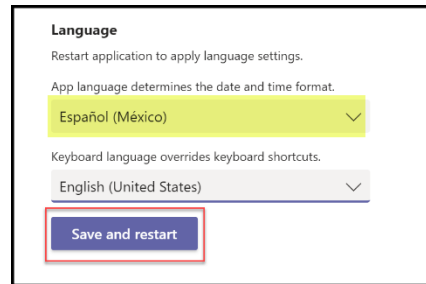

**There are currently about 100 language choices.*

Find and **select** the new language.

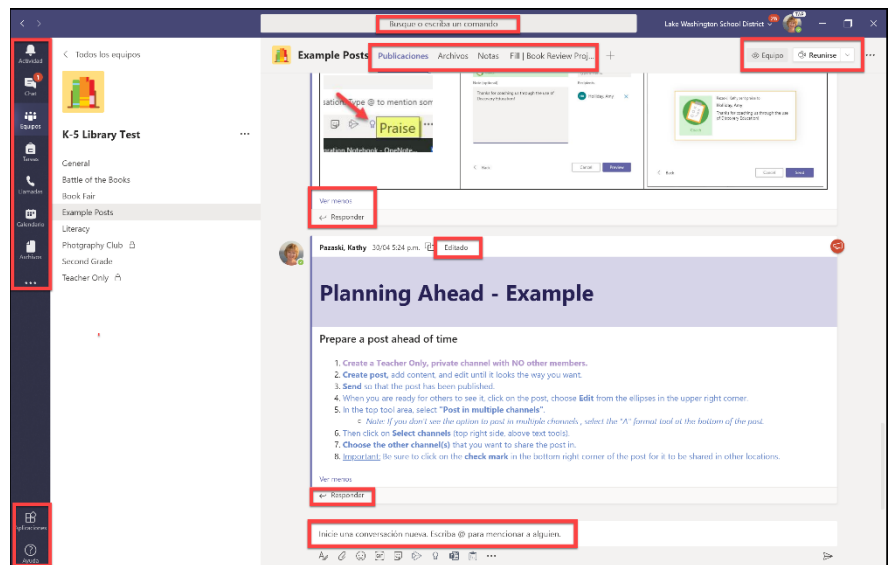

Click: **Save and restart**

Text within the “Me Space” and post header/footer areas will be translated to the selected language.

(Areas with red boxes will be translated.)

Channel names and text within posts will not be translated.

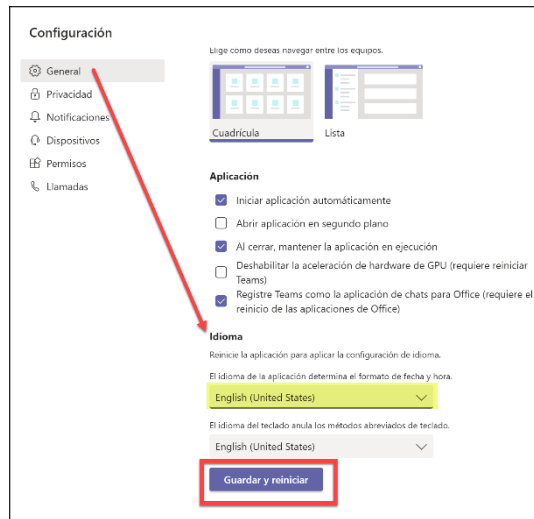

Teams can be changed back to English.

Go to: **Profile > Settings > General > Language**

Select: **English (United States)**

Click: **Save and restart**

Translate a Post

To translate a post, click on the **three dots** in the upper right corner of the post and choose translate.

Text within posts will be translated.

Pictures will not be translated.

A post can be changed **back to English**.

Click on the **three dots** and select **view original message**.
