As teaching continues to change, we are developing more and more ways to capture those unique learning moments.

E-portfolios have become one of the key tools in international education. Join us for an open discussion on this hot topic where we will focus on:

- The range of electronic platforms available
- Ways to use e-portfolios to grow your children
- Sharing time efficient tips to simplify the paper trail
- Empowering the children through your platform
- Communication - Sharing ways to use e-portfolios with your school communities
- Linking your portfolio with assessment.
