

# Science JAWs

Jerudong International School, Brunei

**17/18 January 2020**

The aim of this Job Alike Workshop is to share best practice in the use of experimental and investigative work in Science. It is suitable for science teachers of all age groups; we hope to work together in some sessions and split into sub-groups for others.

There is an expectation that all attendees actively participate throughout the two days. All sessions will be delivered by those participating in the workshop. The full agenda will therefore be completed once all of the participants are registered.

Possible areas for discussion and the sharing of ideas are included below, but other suggestions are welcomed.

- Planning for practical skills development from Year 7 to Year 13
- High quality practical activities in Science - what makes them effective?
- CPACs in the A Level Sciences
- Enquiry based learning in Science
- Using simulations to support learning
- Data logging in Science and wireless sensors
- The technician's role in supporting practical Science
- Micro-scale and small-scale experiments in Chemistry
- Practical work outside the lab/fieldwork

## Registration

Please complete this [Google Form](#) to register your interest in this JAWs and to suggest areas you may be able to contribute to. There is a fee of BND 100, payable upon arrival at JIS, to cover meals during the working day, transport to and from the hotel and other incidental costs.

## Accommodation and transport

The recommended hotel is the [Centrepont Hotel](#) @ BND145.00 per room per night. Transfers to and from the Centrepont Hotel on Friday and Saturday are included in the course fee. Direct flights with [Royal Brunei Airlines](#), [Malaysia Airlines](#), [Singapore Airlines](#) & [Air Asia](#)! Why not visit the [Brunei Tourism](#) website too?

## Timings

Friday: 08:00 - 15:30, with tea and coffee available from 07:30

Saturday: 08:00 - 15:00, with tea and coffee available from 07:30
