Essential Learning Benchmark Chart

What do we want our students to learn?					
Grade:	Subject:	Trimester:	Team Members:		
Description of Benchmark	Example of Rigor	Prerequisite Skills	When Taught	Common Summative Assessment	Extension Standards
What is the essential benchmark to be learned? Describe in student friendly language.	What does proficient student work look like? Provide an example or description.	What prior knowledge, skills, or vocabulary are needed for a student to master this benchmark?	When will this benchmark be taught?	What assessment will we use to measure student mastery?	What will we do when students have already learned this benchmark?
