You've got questions?
We've got answers.

What is the CCRC?

The College and Career Resource Center (CCRC) is a service of the CHS Counseling Department that works to complement the work of counselors by assisting students and parents with the college search and career decision making process.

Who are the CCRC staff?

Ann Boldt

College & Career Advisor

Harry Pettibone

College & Career Advisor

Melinda Stephan

College & Career Programming and
Resources Coordinator

The CCRC is open on Blue and Gold Days
from 9 a.m. to 4 p.m.

Where is the CCRC?

The CCRC is located in B107 across
from the 10-12 Counseling Department

What does the CCRC staff do?

- Works collaboratively with the CHS Counselors to assist student and parents with identifying post-secondary options and planning to pursue those options
- Schedules individual appointments with students and/or parents seeking assistance with the college/career planning process
- Encourages the use of students' Naviance Student account to support college and career planning
- Conducts workshops during SRT and evening programs throughout the school year on topics including but not limited to:
 - College search and admissions process
 - Major/Career exploration and decision making
 - Essay writing/personal statements
 - College and scholarship interviewing
 - Financial aid and scholarship processes
- Builds relationships with post-secondary representatives including college admissions professionals and professionals in a variety of career areas
- Shares updated information and opportunities with the CHS Community through a variety of medium, including social media
- Maintains up-to-date college admissions information and historical CHS student acceptance data
- Provides resources for college and career planning:
 - Navigating the college search and application process
 - Major to Career Connections
 - Scholarship opportunities
 - Special summer programs

There are many educational and career options available to students after high school. We work to help students identify the options that fit them best.
