

Gifted Endorsement Moodle Course

“Gifted: Nature and Needs of Students who are Gifted”

(This is One of Five Courses Required for Pursuing Endorsement)

Nature and Needs of Students Who Are Gifted is a 60-hour Moodle (virtual) course that includes participation in instructional activities, research, and extended learning outside of the classroom. This course provides an overview of the evolution of gifted education on the national, state, and local level. Major events affecting gifted education are described, as well as policies and procedures governing the delivery of gifted education. Cognitive, social, and emotional characteristics common to individuals who are gifted are identified, along with strategies that can be used to meet the academic needs of different categories of students who are gifted.

60 Hours Total PLC Points (Professional Learning Catalogue)

Registrants should verify with their school district’s staff development department that this course has been approved by their district and is eligible for points.
