Playball (Dinkies: EC0-1)	Friday	12:45 - 13:30	EC0-1	Mixed	Melanie Wilcocks (External)	8	Upper Gym 1	Playball was developed 35 years ago as a programme that offers young children the chance to develop the basic skills that they need to for participating in various ball sports later in their lives. Since then, it has been refined with input from experts in education and sport, as well as occupational therapists and other specialists. Today Playball is enjoyed by children in countries all over the world, now also in Germany! Playball kids are gradually coached in the correct execution of skills such as catching, throwing, batting and kicking in a constructive and affirming learning environment that makes participation rewarding and fun. Children's perceptive as well as fine- and gross motor abilities are sharpened through learning, practicing and playing sports and games. In this way, Playball ultimately helps to support healthy physical, emotional, social and academic growth. What makes Playball different from other sport programmes? <ul style="list-style-type: none"> Playball coaches are trained in utilising an age-appropriate curriculum created in line with children's developmental milestones; Playball stages are age-specific, helping children to learn the right skills at the right time; Playball is designed to contribute to holistic growth by complementing the life skills learned in early childhood education settings; Playball is taught to small groups (6 - 8 children per class) to facilitate individual attention within a group learning environment; Playball focuses on teaching foundational skills in a variety of ball sports, rather than specialising in only one sport. Annual once-off registration fee: 12- Euro and 9- Euro per lesson (one lesson per week) Need more information? You can learn more about Playball at www.playballkids.com , or watch a video about Playball at https://vimeo.com/168780098Playball Introduction Video	Annual once-off registration fee: 12- Euro and 9- Euro per lesson (one lesson per week)	Comfortable clothes and indoor gym shoes

Acrobatics	Friday	14.30 - 15.45	G1-10	Female	Ines Dumala	15	New Gym1	The first 2 weeks are a trial period and assessment. This could mean that if your daughter does not meet the required standards, they will be asked not to continue. This is an all year program. Season 1: basic acrobatics (improving skills, basic partner elements) Season 2: specific acrobatics training (partners, short routines) Season 3: show acrobatics (final performance) Skills: general fitness skills: flexibility, coordination, strength/ specific gymnastic skills: static elements: split (or at least close to do one so it can be achievable during the first season), bridge (from the ground or from the standing position), dynamic elements: front/ back roll, cartwheel, handstand (at least against the wall), front/ back walkover, round off. Regular attendance and good behaviour is mandatory. Acrobatics: an infusion of choreography and complex skills performed in partnership. With no apparatus the gymnasts work in harmony and trust, each responsible for their partner or partners. Exercises performed on a standard gymnastic floor impose on gymnasts a need for strength, agility, flexibility, balance and acrobatic skills. A requirement, and opportunity to express their artistry and individual gymnastics skills makes this a delight for spectators, and a tremendous feeling of attainment for gymnasts. All exercises must be performed to music and must start from a static position, be choreographed throughout and end in a static position. Balance Exercises must demonstrate strength, balance, flexibility and agility. Dynamic Exercises must demonstrate flight from throws, boosts, pitches and flight before catches. All pairs or groups take part in the qualification round.	25
