2021 Renewal

This is information for teachers with renewable teaching licenses that expire in June 2021.

By the end of September, I will reach out to all teachers up for renewal in 2021. I will send you your PD report, along with directions and updates for how renewal will take place this year.

We will only be able to start renewing licenses in January of 2021 after VDOE releases the new renewal application.

After January, when you have reached 180 points and completed the required mandatory trainings, I will send you an email with your final PD report, instructions, and the renewal application.

If you are new to Albemarle County and you have professional development points from another school district, I request that you send a progress report from your old school district to Human Resources or as a PDF in an email to me.

Licensure FAQ
Professional development from 7/1/2016 forward will count towards your renewal. If you have any PD from before 7/1/2016 it will not count.

There is a 90-point cap on Mentorship and Supervision. Any mentorship of student teachers that exceed 90 points during the renewal period (7/1/2016-6/30/2021) will not count.

In order to receive PD points for college classes you must have an official sealed transcript. Please do not send transcripts directly to HR. Those transcripts must be sent to yourself and attached to a PD form and then sent to HR.

Applications for your license renewal are due in Human Resources by April 9th, 2021.

Links to Mandatory Training
I am attaching links to mandatory training that must be completed for your license renewal. These trainings must be completed once every renewal cycle.

- Dyslexia Training Requirement
- Child Abuse Recognition & Intervention Training
- Civic Education (if it is required for your endorsement)
- Sign Up for CPR Training

The General Assembly has passed a law modifying the hands-on aspect of the CPR, AED, and First Aid requirement for licensure. This modification is valid for licenses that are up for renewal this year only. This waiver expires 6/30/2021. Please only take our CPR class if your license expires 6/30/2021. It will not count for renewal after 6/30/2021.
Licensure Updates:

As of January 1, 2019, the fee for license renewal has gone up from $25.00 to $50.00. Albemarle County will pay your renewal fee as long as you submit your licensure application to HR before June 14, 2021. You do not need to submit a check.

As of July 1, 2018, all renewable licenses issued will be issued for ten years. So, when you receive your new license it will be valid for ten years.

The Technology Standards has been eliminated and that is reflected on your progress report.
