

## Welcome back to school!

Dear Students and Families,

I am so excited to welcome you back to school for the 2020-21 school year. We are going to have a tremendous year of learning and growing together as a classroom family. Before we meet at Open House, I'd like to tell you a bit about myself.

I live in Oshkosh with my husband Luke, our two children Mckeon (9) and Hollynd (7) and our little dog Aggie. I love reading, traveling, coaching gymnastics, going to musicals, watching my children play sports and everything about Walt Disney World! Last summer, we took a special trip to Walt Disney World for my 40th birthday!

I have taught in numerous schools and grades in Oshkosh. Including 1st and 2nd grade at Oakwood Elementary, 2nd grade at Franklin Elementary. I also worked for three years as a Math Instructional Support teacher and Math Interventionist at Lakeside before returning to the classroom to teach 4th grade.

This school year is going to be a great one! I can't wait to meet you and begin our journey together!

Sincerely,

Mrs. LeClair
