

Dear Families,

My name is Mrs. Jodi Jari and I will be your child's 1st grade teacher this year. Since we will be working together towards the success of your child, I would like to take this time to introduce myself.

I was born and raised in the small town of Omro. I am married and have two boys. Both have graduated from high school and are continuing their next phase in life.

I graduated from UW Oshkosh and UW Green Bay. I also received a master's degree from UW Oshkosh. I have been teaching for the past 31 years in the Oshkosh School District.

I believe that every child deserves an education that meets their needs. I understand that every child learns differently and at varying rates. I will try to create a classroom as stress free and positive as possible.

We are going to have an exciting school year! Some activities will be integrated art projects with our 4th grade buddies, writing projects with the chromebooks and studying various authors. We will also do some community service projects. I hope to instill fun in the learning environment as well as responsibility.

Since parents are the most important people in a child's life, we need to work together for the benefit of your child. I need you to support me and my efforts at school and I will keep you informed about all aspects of your child's experiences at school. With school and home working together, I know we will have a successful school year.

If you have any questions or concerns please call or email me. I can be reached at 424-0131 or [jodi.jari@oshkosh.k12.wi.us](mailto:jodi.jari@oshkosh.k12.wi.us).

Mrs. Jari
