(Grades 7-12 only) Step 5. Set up your badge PIN

- The first time a student uses a PIN-enabled Badge, they will see the screen below prompting them to set a PIN.
- On this screen, the student will enter their new PIN twice and then be signed in to Clever! After this initial setup, your students will be able to log into Clever using their Badge and their PIN.

The screenshot shows the 'Clever Badges' setup interface. At the top, it says 'Clever Badge verified' with a green checkmark icon and 'Welcome to Clever, Amanda!'. Below this, a message reads: 'Protect your account with a secure PIN to add an extra layer of security and keep the bad guys out.' The main section is titled 'Set your 6-digit PIN below' and contains two input fields: '6-DIGIT PIN' and 'RE-ENTER 6-DIGIT PIN'. Each field has a 'REQUIRED' label and a 'Show' link. A 'Save and login' button is positioned below the second field. To the right of the input fields, a note states: 'Choose a 6-digit number that is easy for you to remember but difficult for others to guess!'.

NOTE – If a student forgets their PIN, they will need to login at clever.com using their K12 Google account. Once a student is logged in to their Clever Portal, they can reset their 6-digit PIN by clicking on their name in the top-right corner and clicking ***“Reset your Badge PIN.”***
