

2020-2021 AIM Lower School Classroom Supply Lists

This year each student will need their own learning materials either at home or at school. We are asking families to supply basic classroom materials and some additional items that are listed below.

*****Please note that the basic supplies listed in the first column DO NOT need to be new!*****

If you already have items such as scissors, pencils, markers, glue, or a ruler at home, please feel free to send them in to school or set them aside at home for your child's use. For each grade, we have also noted additional items that are needed such as binders and dividers to help students stay organized. If acquiring these supplies presents a hardship or you need help, please contact Gen Marvin.
