

Nooksack Valley School District Student Loaner Chromebook

This device requires a WiFi Internet connection to function.

To connect to a WiFi Access Point:

1. Click the WiFi icon in the lower-right corner.

2. Select the desired WiFi network from the popup and enter the WiFi password

To use your phone as a WiFi HotSpot:

Android

1. Open the **Settings** app
2. Select **Connections**
3. Select **Mobile Hotspot & Tethering**
4. Turn on the **Mobile Hotspot** switch
5. Use the phone name and password provided when connecting your Chromebook to WiFi

iPhone

1. Open the **Settings** app
2. Select the **Cellular** or **Hotspot** option
3. Turn on the **Allow Others to Join** switch
4. Use the phone name and password provided when connecting your Chromebook to WiFi

Note: These steps may vary depending on your phone

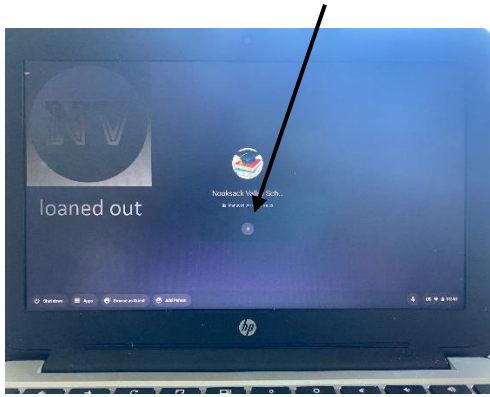

Check with your phone provider to see if you have this as a free option- otherwise you will be charged.

For Support, contact Mark Martin

Phone: (360) 305-4681

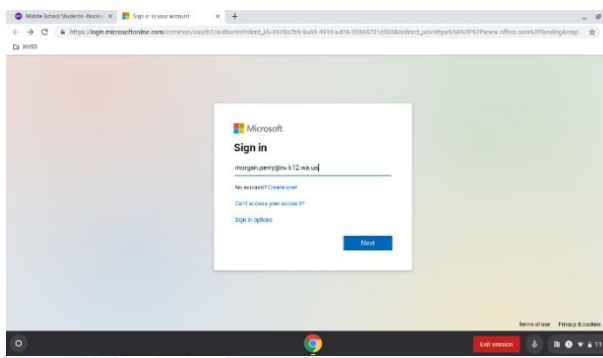

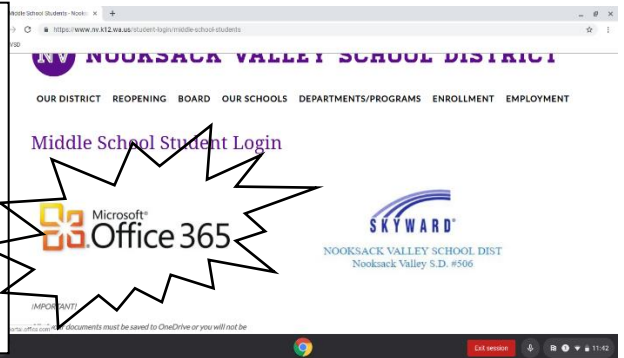

Getting into your computer. When you open the Chromebook, this is the screen you will see. Click on the arrow. You will then get the following page, click the blue arrow next.

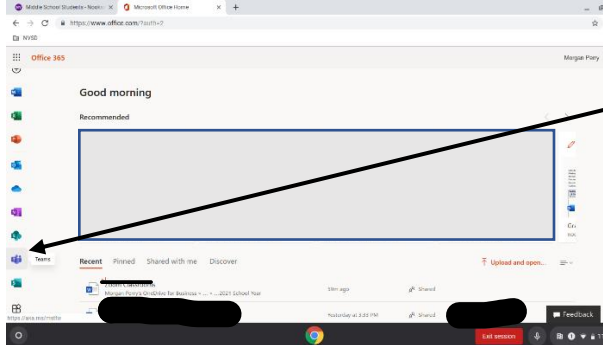

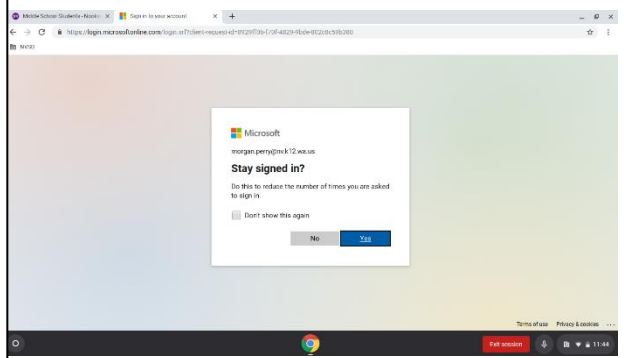

Then sign into the Wi-Fi, using the steps on page 1.

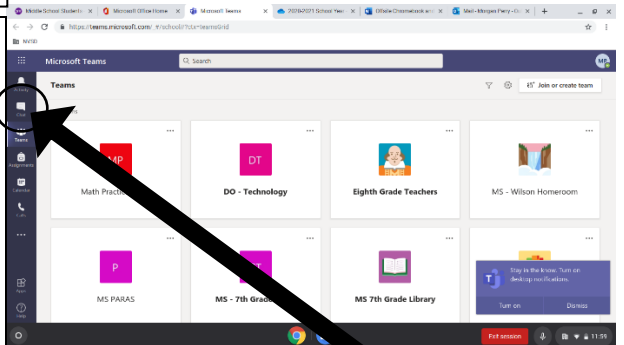

The school homepage will come up automatically. (If you aren't using a Chromebook, go to the NV Homepage, and follow along the same way).
Click Middle School Students.

Signing in- all students follow this format:
Firstname.lastname
@nv.k12.wa.us
Password: Lunch Number
Click either yes or no to stay signed in- it doesn't affect the experience in OneDrive.

Once you have signed in
Click the Teams icon on the left.
You will find any class you are a part of here.

Then click this chat icon and search for your teacher in the search bar. Send them a message so that they know you can login!
