## STANDARDISED TEST RESULTS FOR THE CLASSES OF 2016-2019

*The highest scores in each exam, including those from non-native speakers, are included.*

Our school year runs from January to December, with students sitting their final IB examinations in November. Therefore, our students are required to incorporate the tests in the midst of a busy schedule as there are no dates that fit seamlessly with our calendar.

The cancellations to the tests in Singapore in the past four years, as well as more recently because of the COVID-19 global pandemic, have added to the difficulties of accessing the standardised tests and have resulted in an increased level of anxiety and lack of confidence in the tests themselves amongst our student and parent communities.

In keeping with the four pillars of our programme, students are not encouraged to spend excessive amounts of time preparing for standardised tests.

SAT (224 students tested)	Middle 50%	Mean
