All children will be screened using the right eye, left eye, and both eyes. If the child wears glasses, then the glasses should be worn during the screening. Criteria for failing vision screening:

- a. Worse than 20/40 using both eyes (near-sightedness)
- b. Can read the 20/20 line with the +2.00 lens (far-sightedness)

If the first screening is failed, the child must be rescreened within 3-10 days using the same instrument.
