

PORTLAND JEWISH ACADEMY

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 8/21/2020

Under ODE's **Ready Schools, Safe Learners** guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the [Ready Schools, Safe Learners guidance](#) document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

1. Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	Portland Jewish Academy
Key Contact Person for this Plan	Steve Albert, Executive Director
Phone Number of this Person	503-535-3592
Email Address of this Person	salbert@pjaproud.org
Sectors and position titles of those who informed the plan	Executive Director, Principal, Director of General Studies, Director of Jewish Life, Director of Admission, Director of Early Childhood Education, Director of Afterschool Programs, Registrar, Faculty Representatives, Medical Advisory Committee
Local public health office(s) or officers(s)	Greg Belisle, School Liaison, Multnomah County Health Department
Name of person Designated to Establish, Implement and Enforce Physical Distancing Requirements	Merrill Hendin
Intended Effective Dates for this Plan	September 1, 2020 – TBD (whenever on-site and/or hybrid learning is permitted in Multnomah County)
ESD Region	Multnomah ESD

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

¹ For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

² For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

We have gathered information from a variety of constituencies. Parent surveys were conducted in June 2020 and July 2020. Both indicated a strong preference that we maximize in-person learning (85% and 79% respectively), to the degree that we can do so safely. Our Reopening Committee, and associated sub-committees, include faculty, administrators, staff, parents, and health professionals. The strong consensus is that, for educational, mental health, and development purposes, our students are best served by having as many children present in school for in person learning as often as possible. Equity of educational access has been an important focus of our discussions. We have developed plans to accommodate students who cannot, or chose not to, attend school in person, on a regular or intermittent basis. We have secured financial resources to ensure that all students are provided with the technological tools and educational supplies and equipment that they need to fully engage with virtual learning.

On July 28, Governor Brown held a press conference announcing the new metrics that must be met in order for schools to be permitted to implement on-site learning or hybrid learning. Multnomah County does not meet these standards at this time, and the chances that the county will do so prior to our opening date of September 1 are negligible. In order to focus our efforts fully on all that needs to be done to ensure a smooth, strong start to the new school year in the coming month, we announced on July 28 that we will begin the year with Comprehensive Distance Learning. During the month of August, we will communicate with families, train teachers, assemble supplies for students (tech devices, texts, library books, art supplies, science equipment, etc.), arrange for supply pick-up, update schedules, and take all additional steps necessary to ensure that our CDL program can be fully launched at the start of the school year.

We plan to continue to monitor the county's health metrics to transition to an on-site and/or hybrid program for our K-3 and/or 4-8 programs as soon as permitted, but no sooner than Oct. 12.

In the meantime, we may provide limited in-person instruction as permitted during CDL. This revised Blueprint is being submitted to provide for this opportunity.

3. Indicate which instructional model will be used.

Select One:

☐ On-Site Learning ☐ Hybrid Learning ☒ Comprehensive Distance Learning

4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-19 in the initial template) and [submit online](https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a). (<https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a>) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

* **Note:** Private schools are required to comply with only sections 1-3 of the **Ready Schools, Safe Learners** guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.

Not applicable to private schools (per communication by Oregon Department of Education).

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDL Requirements.](#) Please name any requirements you need ODE to review for any possible flexibility or waiver.

Not applicable to private schools (per communication by Oregon Department of Education).

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

Not applicable to private schools (per communication by Oregon Department of Education).

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

0. Community Health Metrics

METRICS FOR ON-SITE OR HYBRID INSTRUCTION

- ☐ The school currently meets the required metrics to successfully reopen for in-person instruction in an On-Site or Hybrid model. *If this box cannot yet be checked, the school must return to Comprehensive Distance Learning but may be able to provide some in-person instruction through the exceptions noted below.*

EXCEPTIONS FOR SPECIFIC IN-PERSON INSTRUCTION WHERE REQUIRED CONDITIONS ARE MET

- ☐ The school currently meets the exceptions required to provide in-person education for students in grades K-3 (see section 0d(1) of the *Ready Schools, Safe Learners* guidance).
- ☒ The school currently meets the exceptions required to provide limited in-person instruction for specific groups of students (see section 0d(2) of the *Ready Schools, Safe Learners* guidance).
- ☐ The school currently meets the exceptions required for remote or rural schools in larger population counties to provide in-person instruction (see section 0d(3) of the *Ready Schools, Safe Learners* guidance).
- ☐ The school currently meets the exceptions required for smaller population counties to provide in-person instruction (see section 0d(4) of the *Ready Schools, Safe Learners* guidance).
- ☐ The school currently meets the exceptions required for schools in low population density counties (see section 0d(5) of the *Ready Schools, Safe Learners* guidance).
- ☐ The school currently meets the exceptions required for small districts to provide in-person instruction (see section 0d(6) of the *Ready Schools, Safe Learners* guidance).

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☑ Implement measures to limit the spread of COVID-19 within the school setting. ☑ Update written Communicable Disease Management Plan to specifically address the prevention of the spread of COVID-19. ☑ Designate a person at each school to establish, implement and enforce physical distancing requirements, consistent with this guidance and other guidance from OHA. ☑ Include names of the LPHA staff, school nurses, and other medical experts who provided support and resources to the district/school policies and plans. Review relevant local, state, and national evidence to inform plan. ☑ Process and procedures established to train all staff in sections 1 - 3 of the Ready Schools, Safe Learners guidance. Consider conducting the training virtually, or, if in-person, ensure physical distancing is maintained to the maximum extent possible. ☑ Protocol to notify the local public health authority (LPHA Directory by County) of any confirmed COVID-19 cases among students or staff. ☑ Plans for systematic disinfection of classrooms, offices, bathrooms and activity areas. ☑ Process to report to the LPHA any cluster of any illness among staff or students. ☑ Protocol to cooperate with the LPHA recommendations. ☑ Provide all logs and information to the LPHA in a timely manner. 	<p>Portland Jewish Academy follows the published Communicable Disease Guidelines from the Oregon Department of Education and the Oregon Health Authority. https://www.oregon.gov/ode/students-and-family/healthsafety/Documents/commmdisease.pdf?utm_medium=email&utm_source=govdelivery In addition, we follow our school's Communicable Disease Management Plan: https://www.pjaproud.org/about-us/k-8-fall-opening</p> <p>Merrill Hendin, Principal, is designated to establish, implement and enforce physical distancing requirements, as necessary during limited in-person instruction.</p> <p>Our Medical Advisory Team includes: Sherri Blue, LCSD, CADC I, Licensed Clinical Social Worker Rachel Cohn, M.D., Hospitalist Michael Gilbert M.D., Pediatric Hospitalist Opher Nadler M.D., Pediatric Emergency Medicine Tamar Wyte-Lake, DPT, MPH, Health Research Scientist Mark Zeitzer, M.D. , Emergency Medicine Mindy Zeitzer, Ph.D., Acute Care Nursing Practitioner & Asst. Professor of Nursing</p> <p>All school staff will be trained on processes and procedures during the in-service program scheduled for August 24-31. This will include live and virtual training, as appropriate.</p> <p>Confirmed cases of COVID-19, as well as clusters of illness among staff and/or students, will be reported to the Multnomah County Health Department by Steve Albert, PJA's Executive Director, or his designee. Steve Albert is also responsible for the implementation of recommendations from the Multnomah County Health Department and will provides any logs upon request.</p> <p>The school's custodial staff will disinfect all classrooms, offices, and activity areas at the end of each school day that they are used. They will disinfect bathrooms multiple times throughout each day, when they are in use. All teachers will have ready access to cleaning supplies for disinfecting purposes throughout the day, as needed.</p> <p>All students and teachers will be screened upon arrival during any in-person sessions. This will include taking temperatures to check for fever, and answering a set of questions about COVID-19 symptoms and about contact with infected individuals. (See 1f.)</p> <p>Any ill or exposed individual will remain in an isolated area of the Main Office under the supervision of the office staff until they can be picked up and taken home.</p> <p>All in-person sessions will be limited in size, scope and frequency in compliance with the ODE/OHA guidance on limited in-person instruction during CDL. The teacher overseeing the meeting will maintain attendance records in a log for the purposes of contact tracing, if necessary.</p> <p>Daily logs will include student names, arrival and departure times, and names and contact information of all individuals (substitute teachers, specialists, guests, etc.) who interact with the stable cohort on any given day.</p> <p>Logs will be maintained in the school's Main Office for a minimum of four weeks.</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Protocol for screening students and staff for symptoms (see section 1f of the Ready Schools, Safe Learners guidance). <input checked="" type="checkbox"/> Protocol to isolate any ill or exposed persons from physical contact with others. <input checked="" type="checkbox"/> Protocol for communicating potential COVID-19 cases to the school community and other stakeholders (see section 1e of the Ready Schools, Safe Learners guidance). <input checked="" type="checkbox"/> Create a system for maintaining daily logs for each student/cohort for the purposes of contact tracing. This system needs to be made in consultation with a school/district nurse or an LPHA official. Sample logs are available as a part of the Oregon School Nurses Association COVID-19 Toolkit. <ul style="list-style-type: none"> • If a student(s) is part of a stable cohort (a group of students that are consistently in contact with each other or in multiple cohort groups) that conform to the requirements of cohorting (see section 1d of the Ready Schools, Safe Learners guidance), the daily log may be maintained for the cohort. • If a student(s) is not part of a stable cohort, then an individual student log must be maintained. <input checked="" type="checkbox"/> Required components of individual daily student/cohort logs include: <ul style="list-style-type: none"> • Child's name • Drop off/pick up time • Parent/guardian name and emergency contact information • All staff (including itinerant staff, district staff, substitutes, and guest teachers) names and phone numbers 	<p>If anyone who has entered the school is diagnosed with COVID-19, Steve Albert, Executive Director, will contact the Multnomah County Health Department for consultation regarding cleaning and/or classroom and/or program closure.</p> <p>The protocol for responding to outbreaks is outlined in Section 3.</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>who interact with a stable cohort or individual student</p> <ul style="list-style-type: none"> ☒ Protocol to record/keep daily logs to be used for contact tracing for a minimum of four weeks to assist the LPHA as needed. ☒ Process to ensure that all itinerant and all district staff (maintenance, administrative, delivery, nutrition, and any other staff) who move between buildings keep a log or calendar with a running four-week history of their time in each school building and who they were in contact with at each site. ☒ Process to ensure that the school reports to and consults with the LPHA regarding cleaning and possible classroom or program closure if anyone who has entered school is diagnosed with COVID-19. ☒ Protocol to respond to potential outbreaks (see section 3 of the Ready Schools, Safe Learners guidance). 	

1b. HIGH-RISK POPULATIONS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Serve students in high-risk population(s) whether learning is happening through On-Site, Hybrid (partially On-Site and partially Comprehensive Distance Learning models), or Comprehensive Distance Learning models. <p>Medically Fragile, Complex and Nursing-Dependent Student Requirements</p> <ul style="list-style-type: none"> ☒ All districts must account for students who have health conditions that require additional nursing services. Oregon law (ORS 336.201) defines three levels of severity related to required nursing services: <ol style="list-style-type: none"> 1. Medically Complex: Are students who may have an unstable health condition and who may require daily professional nursing services. 2. Medically Fragile: Are students who may have a life-threatening health condition and who may require immediate professional nursing services. 3. Nursing-Dependent: Are students who have an unstable or life-threatening health condition and who require daily, direct, and continuous professional nursing services. ☒ Staff and school administrators, in partnership with school nurses, or other school health providers, should work with interdisciplinary teams to address individual student needs. The school registered nurse (RN) is responsible for nursing care provided to individual students as outlined in ODE guidance and state law: 	<p>Staff</p> <p><i>*Plan includes all staff self-identifying as vulnerable or part of a vulnerable household.</i></p> <p>Redeployed options could include: on-line instruction and support, maintenance projects, office work without student/staff contact.</p> <p>Staff could consider all leave options as well.</p> <p>Students</p> <p>All students identified as vulnerable, either by a physician or parent/guardian notification, will be enrolled in on-line instruction with daily check-ins.</p> <p>All students requiring educational support services will continue to receive services, either virtually or in person.</p> <p>Visitors</p> <p>No visitors, including parents and other volunteers, will be permitted in school.</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> Communicate with parents and health care providers to determine return to school status and current needs of the student. Coordinate and update other health services the student may be receiving in addition to nursing services. This may include speech language pathology, occupational therapy, physical therapy, as well as behavioral and mental health services. Modify Health Management Plans, Care Plans, IEPs, or 504 or other student-level medical plans, as indicated, to address current health care considerations. The RN practicing in the school setting should be supported to remain up to date on current guidelines and access professional support such as evidence-based resources from the Oregon School Nurses Association. Service provision should consider health and safety as well as legal standards. Appropriate medical-grade personal protective equipment (PPE) should be made available to nurses and other health providers. Work with an interdisciplinary team to meet requirements of ADA and FAPE. High-risk individuals may meet criteria for exclusion during a local health crisis. Refer to updated state and national guidance and resources such as: <ul style="list-style-type: none"> U.S. Department of Education Supplemental Fact Sheet: Addressing the Risk of COVID-19 in Preschool, Elementary and Secondary Schools While Serving Children with Disabilities from March 21, 2020. ODE guidance updates for Special Education. Example from March 11, 2020. OAR 581-015-2000 Special Education, requires districts to provide 'school health services and school nurse services' as part of the 'related services' in order 'to assist a child with a disability to benefit from special education.' OAR 333-019-0010 Public Health: Investigation and Control of Diseases: General Powers and Responsibilities, outlines authority and responsibilities for school exclusion. 	

1c. PHYSICAL DISTANCING

OHA/ODE Requirements	Hybrid/Onsite Plan																								
<ul style="list-style-type: none">Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all space in the calculation. This also applies for professional development and staff gatherings.Support physical distancing in all daily activities and instruction, maintaining six feet between individuals to the maximum extent possible.Minimize time standing in lines and take steps to ensure that six feet of distance between students is maintained, including marking spacing on floor, one-way traffic flow in constrained spaces, etc.Schedule modifications to limit the number of students in the building (e.g., rotating groups by days or location, staggered schedules to avoid hallway crowding and gathering).Plan for students who will need additional support in learning how to maintain physical distancing requirements. Provide instruction; don't employ punitive discipline	<p>All classrooms have been configured to ensure a minimum of 35 square feet per person.</p> <table><tr><th></th><th>Square Footage</th><th>Maximum Occupancy</th></tr><tr><td>Mods</td><td>756</td><td>12</td></tr><tr><td>108</td><td>1452</td><td>20</td></tr><tr><td>204</td><td>840</td><td>12+</td></tr><tr><td>205</td><td>400</td><td>5</td></tr><tr><td>206</td><td>960</td><td>16</td></tr><tr><td>207</td><td>887</td><td>12</td></tr><tr><td>208</td><td>960</td><td>16</td></tr></table>		Square Footage	Maximum Occupancy	Mods	756	12	108	1452	20	204	840	12+	205	400	5	206	960	16	207	887	12	208	960	16
	Square Footage	Maximum Occupancy																							
Mods	756	12																							
108	1452	20																							
204	840	12+																							
205	400	5																							
206	960	16																							
207	887	12																							
208	960	16																							

OHA/ODE Requirements	Hybrid/Onsite Plan		
<input checked="" type="checkbox"/> Staff should maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings.	210	861	16
	211	999	14
	212	710	15
	213	1089	15
	214	710	15
	215	273	3/4
	216	710	15
	217	714	15-17
	219	808	18
	220	640	14
	221	796	18
	Beit Midrash	1031	16
	Learning Commons	>1000	15
	In classrooms as well as other instructional spaces and outdoors, individuals will be a minimum of six feet apart at all times.		
Students will remain in a single, clearly identified space, indoors or outdoors, during any in-person instruction. Where possible corridors and stairwells have been designated one-way, and where necessary, floors are marked to ensure that students maintain physical distance.			

1d. COHORTING

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Where feasible, establish stable cohorts: groups should be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. <ul style="list-style-type: none"> The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease increases. 	<p>All in-person instruction will take place in space that provide more than 35 sq. ft. of space per student in classrooms. All classrooms have been configured to maintain a minimum of six feet between all individuals.</p>
<input checked="" type="checkbox"/> Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. Schools should plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure.	<p>Daily attendance logs are maintained in the school's Main Office, including information about arrival and departure time of all students and daily schedules are maintained that show the dates and times at which teachers work with various students.</p>
<input checked="" type="checkbox"/> Each school must have a system for daily logs to ensure contact tracing among the cohort (see section 1a of the Ready Schools, Safe Learners guidance).	
<input checked="" type="checkbox"/> Minimize interaction between students in different stable cohorts (e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms.	
<input checked="" type="checkbox"/> Cleaning and disinfecting surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort.	<p>Surfaces will be cleaned and wiped between student use during any in-person instruction. All gatherings of students will comply with ODE guidelines regarding limited in-person instruction during CDL.</p>
<input checked="" type="checkbox"/> Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade-level academic content standards, and peers.	
<input checked="" type="checkbox"/> Staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts.	

1e. PUBLIC HEALTH COMMUNICATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are being implemented to prevent spread of disease.	<p>Staff will be provided with necessary instruction during our in-service week prior to the start of school, and additional communication with staff will be provided, virtually and electronically, as necessary and</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☑ Develop protocols for communicating with students, families and staff who have come into close contact with a confirmed case. <ul style="list-style-type: none"> • The definition of exposure is being within 6 feet of a COVID-19 case for 15 minutes (or longer). ☑ Develop protocols for communicating immediately with staff, families, and the community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding. ☑ Provide all information in languages and formats accessible to the school community. 	<p>appropriate. The school administration will communicate with families regarding infection control measures.</p> <p>In the event of a confirmed case, the school administration will communicate with anyone who has had close contact with a confirmed case in accordance with the school's communicable disease plan and as advised by the Multnomah County Health Department. Similarly, the school administration will follow the protocols in the communicable disease plan, and the advice of the Multnomah County Health Department, in communicating to the school community about its response in the event of the diagnosis of a new case.</p>

1f. ENTRY AND SCREENING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☑ Direct students and staff to stay home if they, or anyone in their homes or community living spaces, have COVID-19 symptoms, or if anyone in their home or community living spaces has COVID-19. COVID-19 symptoms are as follows: <ul style="list-style-type: none"> • Primary symptoms of concern: cough, fever (<i>temperature</i> greater than 100.4°F) or chills, shortness of breath, or difficulty breathing. • Note that muscle pain, headache, sore throat, new loss of taste or smell, diarrhea, nausea, vomiting, nasal congestion, and runny nose are also symptoms often associated with COVID-19. More information about COVID-19 symptoms is available from CDC. • In addition to COVID-19 symptoms, students should be excluded from school for signs of other infectious diseases, per existing school policy and protocols. See pages 9-12 of OHA/ODE Communicable Disease Guidance. • Emergency signs that require immediate medical attention: <ul style="list-style-type: none"> ○ Trouble breathing ○ Persistent pain or pressure in the chest ○ New confusion or inability to awaken ○ Bluish lips or face (lighter skin); greyish lips or face (darker skin) ○ Other severe symptoms ☑ Screen all students and staff for symptoms on entry to bus/school every day. This can be done visually and/or with confirmation from a parent/caregiver/guardian. Staff members can self-screen and attest to their own health. <ul style="list-style-type: none"> • Anyone displaying or reporting the primary symptoms of concern must be isolated (see section 1i of the Ready Schools, Safe Learners guidance) and sent home as soon as possible. See table "Planning for COVID-19 Scenarios in Schools." • Additional guidance for nurses and health staff. ☑ Follow LPHA advice on restricting from school any student or staff known to have been exposed (e.g., by a household member) to COVID-19. See table "Planning for COVID-19 Scenarios in Schools." ☑ Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication should be excluded from school. Do not exclude staff or students who have other symptoms that are chronic or baseline symptoms (e.g., asthma, allergies, etc.) from school. ☑ Hand hygiene on entry to school every day: wash with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	<p>Students and staffed will be screened daily. Anyone entering the building will have their temperature taken and will not be permitted to enter if they have a fever. Anyone entering the building will also be asked about:</p> <ul style="list-style-type: none"> • symptoms commonly associated with COVID-19 • exposure to individuals suffering from COVID-19 • recent travel outside of Oregon and SW Washington <p>Individuals with symptoms, exposure or recent travel will not be permitted in the building.</p> <p>Students with symptoms or exposure will be asked to remain home for the appropriate period of time as recommended by the Multnomah County Health Department, OHA, and/or CDC.</p> <p>Parents/guardians can provide information regarding existing health conditions, such as allergies, that are not indicative of COVID-19</p> <p>Students will be assigned a specific entrance to the building based on their grade level.</p> <p>Hand sanitizing stations will be readily available throughout the building and teachers will require frequent handwashing – at the start of the day, before and after eating, before and after using the playground.</p>

1g. VISITORS/VOLUNTEERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☑ Restrict non-essential visitors/volunteers. 	<p>Visitors and volunteers are not permitted on campus.</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> • Examples of essential visitors include: DHS Child Protective Services, Law Enforcement, etc. • Examples of non-essential visitors/volunteers include: Parent Teacher Association (PTA), classroom volunteers, etc. <p>☒ Screen all visitors/volunteers for symptoms upon every entry. Restrict from school property any visitor known to have been exposed to COVID-19. See table "Planning for COVID-19 Scenarios in Schools."</p> <p>☒ Visitors/volunteers must wash or sanitize their hands upon entry and exit.</p> <p>☒ Visitors/volunteers must maintain six-foot distancing, wear face coverings, and adhere to all other provisions of this guidance.</p>	

1h. FACE COVERINGS, FACE SHIELDS, AND CLEAR PLASTIC BARRIERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>☒ Face coverings or face shields for all staff, contractors, other service providers, or visitors or volunteers following CDC guidelines for Face Coverings. Individuals may remove their face coverings while working alone in private offices.</p> <p>☒ Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines for Face Coverings.</p> <p>☒ If a student removes a face covering, or demonstrates a need to remove the face covering for a short-period of time:</p> <ul style="list-style-type: none"> • Provide space away from peers while the face covering is removed. In the classroom setting, an example could be a designated chair where a student can sit and take a 15 minute "sensory break;" <ul style="list-style-type: none"> ○ Students should not be left alone or unsupervised; ○ Designated area or chair should be appropriately distanced from other students and of a material that is easily wiped down for disinfection after each use; • Provide additional instructional supports to effectively wear a face covering; • Provide students adequate support to re-engage in safely wearing a face covering; • Students cannot be discriminated against or disciplined for an inability to safely wear a face covering during the school day. <p>☒ Face masks for school RNs or other medical personnel when providing direct contact care and monitoring of staff/students displaying symptoms. School nurses should also wear appropriate Personal Protective Equipment (PPE) for their role.</p> <ul style="list-style-type: none"> • Additional guidance for nurses and health staff. <p>Protections under the ADA or IDEA</p> <p>☒ If any student requires an accommodation to meet the requirement for face coverings, districts and schools should limit the student's proximity to students and staff to the extent possible to minimize the possibility of exposure. Appropriate accommodations could include:</p> <ul style="list-style-type: none"> • Offering different types of face coverings and face shields that may meet the needs of the student. • Spaces away from peers while the face covering is removed; students should not be left alone or unsupervised. • Short periods of the educational day that do not include wearing the face covering, while following the other health strategies to reduce the spread of disease; • Additional instructional supports to effectively wear a face covering; <p>☒ For students with existing medical conditions and a physician's orders to not wear face coverings, or other health related concerns, schools/districts must not deny any in-person instruction.</p>	<p>Face masks are required of all faculty, staff and students. Exceptions will be made under ADA and IDEA guidelines as well as under doctor's orders.</p> <p>Appropriate accommodation will be made for students as is consistent with any accommodation plan that is in place for a student.</p> <p>Staff members requiring accommodation will be limited in their in-person interaction with students and staff to the extent possible</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Schools and districts must comply with the established IEP/504 plan prior to the closure of in-person instruction in March of 2020. <ul style="list-style-type: none"> • If a student eligible for, or receiving services under a 504/IEP, cannot wear a face covering due to the nature of the disability, the school or district must: <ol style="list-style-type: none"> 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan including on-site instruction with accommodations or adjustments. 2. Placement determinations cannot be made due solely to the inability to wear a face covering. 3. Plans should include updates to accommodations and modifications to support students. • Students protected under ADA/IDEA, who abstain from wearing a face covering, or students whose families determine the student will not wear a face covering, the school or district must: <ol style="list-style-type: none"> 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan. 2. The team must determine that the disability is not prohibiting the student from meeting the requirement. <ul style="list-style-type: none"> ○ If the team determines that the disability is prohibiting the student from meeting the requirement, follow the requirements for students eligible for, or receiving services under, a 504/IEP who cannot wear a face covering due to the nature of the disability, ○ If a student's 504/IEP plan included supports/goals/instruction for behavior or social emotional learning, the school team must evaluate the student's plan prior to providing instruction through Comprehensive Distance Learning. 3. Hold a 504/IEP meeting to determine equitable access to educational opportunities which may include limited in-person instruction, on-site instruction with accommodations, or Comprehensive Distance Learning. ☒ For students not currently served under an IEP or 504, districts must consider whether or not student inability to consistently wear a face covering or face shield as required is due to a disability. Ongoing inability to meet this requirement may be evidence of the need for an evaluation to determine eligibility for support under IDEA or Section 504. ☒ If a staff member requires an accommodation for the face covering or face shield requirements, districts and schools should work to limit the staff member's proximity to students and staff to the extent possible to minimize the possibility of exposure. 	

1i. ISOLATION AND QUARANTINE

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Protocols for exclusion and isolation for sick students and staff whether identified at the time of bus pick-up, arrival to school, or at any time during the school day. ☒ Protocols for screening students, as well as exclusion and isolation protocols for sick students and staff identified at the time of arrival or during the school day. <ul style="list-style-type: none"> • Work with school nurses, health care providers, or other staff with expertise to determine necessary modifications to areas where staff/students will be isolated. If two students present COVID-19 symptoms at the same time, they must be isolated at once. If separate rooms are not available, ensure that six 	<p>Students who arrive on campus with symptoms or become ill will be isolated in a room by the Main Office that is closely supervised by a staff member (who remains outside of the room). Parents/guardians will be notified to pick-up their child and a healthcare professional will be contacted, if necessary. The same procedure will be followed if a staff member becomes too ill to drive home. In the case of a staff member, the school will contact their designated emergency contact, unless directed to contact someone else by the staff member.</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>feet distance is maintained. Do not assume they have the same illness.</p> <ul style="list-style-type: none"> Consider required physical arrangements to reduce risk of disease transmission. Plan for the needs of generally well students who need medication or routine treatment, as well as students who may show signs of illness. Additional guidance for nurses and health staff. <p><input checked="" type="checkbox"/> Students and staff who report or develop symptoms must be isolated in a designated isolation area in the school, with adequate space and staff supervision and symptom monitoring by a school nurse, other school-based health care provider or school staff until they are able to go home. Anyone providing supervision and symptom monitoring must wear appropriate face covering or face shields.</p> <ul style="list-style-type: none"> School nurse and health staff in close contact with symptomatic individuals (less than 6 feet) should wear a medical-grade face mask. Other Personal Protective Equipment (PPE) may be needed depending on symptoms and care provided. Consult a nurse or health care professional regarding appropriate use of PPE. Any PPE used during care of a symptomatic individual should be properly removed and disposed of prior to exiting the care space. After removing PPE, hands should be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol. If able to do so safely, a symptomatic individual should wear a face covering. To reduce fear, anxiety, or shame related to isolation, provide a clear explanation of procedures, including use of PPE and handwashing. <p><input checked="" type="checkbox"/> Establish procedures for safely transporting anyone who is sick to their home or to a health care facility.</p> <p><input checked="" type="checkbox"/> Staff and students who are ill must stay home from school and must be sent home if they become ill at school, particularly if they have COVID-19 symptoms. Refer to table in "Planning for COVID-19 Scenarios in Schools."</p> <p><input checked="" type="checkbox"/> Involve school nurses, School Based Health Centers, or staff with related experience (Occupational or Physical Therapists) in development of protocols and assessment of symptoms (where staffing exists).</p> <p><input checked="" type="checkbox"/> Record and monitor the students and staff being isolated or sent home for the LPHA review.</p>	<p>Appropriate PPE (gloves, face shield, etc.) will be provided to any individual who needs to come into close contact with an individual who is ill.</p> <p>Staff members will maintain student confidentiality as appropriate.</p> <p>Daily logs will include information about any student sent home, including cause of illness and time of onset.</p> <p>Staff and students with known or suspected COVID-19 cannot remain at school and can only return after symptoms resolve, 14 calendar days have past following exposure (or a negative COVID-19 test result is provided), and/or fever has been resolved for 72 hours or more without the use of fever-reducing medication.</p>

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the *Ready Schools, Safe Learners* guidance).

2a. ENROLLMENT

(Note: Section 2a does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Enroll all students (including foreign exchange students) following the standard Oregon Department of Education guidelines. <input type="checkbox"/> The temporary suspension of the 10-day drop rule does not change the rules for the initial enrollment date for students: <ul style="list-style-type: none"> • The ADM enrollment date for a student is the first day of the student's actual attendance. • A student with fewer than 10 days of absence at the beginning of the school year may be counted in membership prior to the first day of attendance, but not prior to the first calendar day of the school year. • If a student does not attend during the first 10 session days of school, the student's ADM enrollment date must reflect the student's actual first day of attendance. • Students who were anticipated to be enrolled, but who do not attend at any time must not be enrolled and submitted in ADM. <input type="checkbox"/> If a student has stopped attending for 10 or more days, districts must continue to try to engage the student. At a minimum, districts must attempt to contact these students and their families weekly to either encourage attendance or receive confirmation that the student has transferred or has withdrawn from school. This includes students who were scheduled to start the school year, but who have not yet attended. <input type="checkbox"/> When enrolling a student from another school, schools must request documentation from the prior school within 10 days of enrollment per OAR 581-021-0255 to make all parties aware of the transfer. Documentation obtained directly from the family does not relieve the school of this responsibility. After receiving documentation from another school that a student has enrolled, drop that student from your roll. <input type="checkbox"/> Design attendance policies to account for students who do not attend in-person due to student or family health and safety concerns. <input type="checkbox"/> When a student has a pre-excused absence or COVID-19 absence, the school district should reach out to offer support at least weekly until the student has resumed their education. <input type="checkbox"/> When a student is absent beyond 10 days and meets the criteria for continued enrollment due to the temporary suspension of the 10 day drop rule, continue to count them as absent for those days and include those days in your Cumulative ADM reporting.	Not applicable

2b. ATTENDANCE

(Note: Section 2b does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Grades K-5 (self-contained): Attendance must be taken at least once per day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). <input type="checkbox"/> Grades 6-12 (individual subject): Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). <input type="checkbox"/> Alternative Programs: Some students are reported in ADM as enrolled in a non-standard program (such as tutorial time), with hours of instruction rather than days present and days absent. Attendance must be taken at least once for each scheduled interaction with each student, so that local systems can track the student's attendance and engagement. Reported hours of instruction continue to be those hours in which the student was present.	Not applicable

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Online schools that previously followed a two check-in per week attendance process must follow the Comprehensive Distance Learning requirements for checking and reporting attendance. <input type="checkbox"/> Provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver's work schedule, and mental/physical health.	

2c. TECHNOLOGY

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Update procedures for district-owned or school-owned devices to match cleaning requirements (see section 2d of the Ready Schools, Safe Learners guidance). <input checked="" type="checkbox"/> Procedures for return, inventory, updating, and redistributing district-owned devices must meet physical distancing requirements.	<p>All devices brought for repair, return, update, inventory, or redistribution will be cleaned and sanitized.</p> <p>All pick-up and drop-off procedures will provide adequate physical distancing and take place outdoors.</p>

2d. SCHOOL SPECIFIC FUNCTIONS/FACILITY FEATURES

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Handwashing: All people on campus should be advised and encouraged to wash their hands frequently. <input checked="" type="checkbox"/> Equipment: Develop and use sanitizing protocols for all equipment used by more than one individual or purchase equipment for individual use. <input checked="" type="checkbox"/> Events: Cancel, modify, or postpone field trips, assemblies, athletic events, practices, special performances, school-wide parent meetings and other large gatherings to meet requirements for physical distancing. <input checked="" type="checkbox"/> Transitions/Hallways: Limit transitions to the extent possible. Create hallway procedures to promote physical distancing and minimize gatherings. <input checked="" type="checkbox"/> Personal Property: Establish policies for personal property being brought to school (e.g., refillable water bottles, school supplies, headphones/earbuds, cell phones, books, instruments, etc.). If personal items are brought to school, they must be labeled prior to entering school and use should be limited to the item owner.	<ul style="list-style-type: none"> • Handwashing: Students and staff will be trained in proper handwashing techniques, required to wash hands upon arrival, before and after eating, and following use of the playground, and encouraged to wash hands frequently throughout the day. • Equipment: All supplies and equipment will be cleaned and disinfected before use by another student or cohort. • Events: All gatherings will meet the stated requirements for Limited In-Person Instruction. • Transitions/Hallways: Hallways will be directed to have one-way traffic flow, to the extent possible. • Personal Property: Personal property will be limited in school, and any personal items must be labeled and may not be shared.

2e. ARRIVAL AND DISMISSAL

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Physical distancing, stable cohorts, square footage, and cleaning requirements must be maintained during arrival and dismissal procedures. <input checked="" type="checkbox"/> Create schedule(s) and communicate staggered arrival and/or dismissal times. <input checked="" type="checkbox"/> Assign students or cohorts to an entrance; assign staff member(s) to conduct visual screenings (see section 1f of the Ready Schools, Safe Learners guidance). <input checked="" type="checkbox"/> Ensure accurate sign-in/sign-out protocols to help facilitate contact tracing by the LPHA. Sign-in procedures are not a replacement for entrance and screening requirements. Students entering school after arrival times must be screened for the primary symptoms of concern. <ul style="list-style-type: none"> • Eliminate shared pen and paper sign-in/sign-out sheets. • Ensure hand sanitizer is available if signing children in or out on an electronic device. <input checked="" type="checkbox"/> Ensure alcohol-based hand sanitizer (with 60-95% alcohol) dispensers are easily accessible near all entry doors and other high-traffic areas. Establish and clearly communicate procedures for keeping caregiver drop-off/pick-up as brief as possible.	<p>Arrival and dismissal times will be staggered with different entrances used by different grade levels. Physical distancing will be maintained.</p> <p>All teachers will use a sign-in/sign-out protocol to help facilitate contact tracing.</p> <p>All students will be screened upon arrival and required to wash or sanitize their hands.</p>

2f. CLASSROOMS/REPURPOSED LEARNING SPACES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Seating: Rearrange student desks and other seat spaces so that staff and students' physical bodies are six feet apart to the maximum extent possible while also maintaining 35 square feet per person; assign seating so students are in the same seat at all times. ☒ Materials: Avoid sharing of community supplies when possible (e.g., scissors, pencils, etc.). Clean these items frequently. Provide hand sanitizer and tissues for use by students and staff. ☒ Handwashing: Remind students (with signage and regular verbal reminders from staff) of the utmost importance of hand hygiene and respiratory etiquette. Respiratory etiquette means covering coughs and sneezes with an elbow or a tissue. Tissues should be disposed of in a garbage can, then hands washed or sanitized immediately. <ul style="list-style-type: none"> • Wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	<ul style="list-style-type: none"> • Seating: Classrooms have been arranged to ensure that all individuals are 6 feet apart while maintaining a minimum of 35 square feet per person. (Most classrooms provide more than 35 sq. ft. per person – see 1c above.) • Materials: Students will not share regular classroom supplies. Any shared supplies will be disinfected between use and sanitizer/disinfectant will be provided for intermittent cleaning. • Handwashing: Hand sanitizing stations are available throughout the building and hand-washing is required before and after eating. Teachers provide verbal reminders to students regarding hand hygiene and respiratory etiquette, and appropriate signage is posted.

2g. PLAYGROUNDS, FIELDS, RECESS, BREAKS, AND RESTROOMS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Keep school playgrounds closed to the general public until park playground equipment and benches reopen in the community (see Oregon Health Authority's Specific Guidance for Outdoor Recreation Organizations). ☒ After using the restroom students must wash hands with soap and water for 20 seconds. Soap must be made available to students and staff. ☒ Before and after using playground equipment, students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol. ☒ Designate playground and shared equipment solely for the use of one cohort at a time. Disinfect at least daily or between use as much as possible in accordance with CDC guidance. ☒ Cleaning requirements must be maintained (see section 2j of the Ready Schools, Safe Learners guidance). ☒ Maintain physical distancing requirements, stable cohorts, and square footage requirements. ☒ Provide signage and restrict access to outdoor equipment (including sports equipment, etc.). ☒ Design recess activities that allow for physical distancing and maintenance of stable cohorts. ☒ Clean all outdoor equipment at least daily or between use as much as possible in accordance with CDC guidance. ☒ Limit staff rooms, common staff lunch areas, elevators and workspaces to single person usage at a time, maintaining six feet of distance between adults. 	<p>Students will wash hands before and after eating, using the restroom and using the playground. Only one cohort may use the playground at a time and it will be disinfected between cohorts. Outdoor activities that allow for physical distancing will be offered.</p> <p>All protocols and requirements related to cleaning, signage, physical distancing, cohorts, and square footage requirements will be followed.</p> <p>Employees may not share office space. Where multiple employees must work in one large area, such as the Main Office, plexiglass panels have been installed.</p>

2h. MEAL SERVICE/NUTRITION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Include meal services/nutrition staff in planning for school reentry. ☒ Prohibit self-service buffet-style meals. ☒ Prohibit sharing of food and drinks among students and/or staff. ☒ At designated meal or snack times, students may remove their face coverings to eat or drink but must maintain six feet of physical distance from others, and must put face coverings back on after finishing the meal or snack. ☒ Staff serving meals and students interacting with staff at mealtimes must wear face shields or face covering (see section 1h of the Ready Schools, Safe Learners guidance). 	<p>Students will bring their own meals and are not permitted to share food and drinks. Students are required to wash hands before and after eating. If staff members provide a snack, they will be wearing face coverings, as required.</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol before meals and should be encouraged to do so after. <input checked="" type="checkbox"/> Appropriate daily cleaning of meal items (e.g., plates, utensils, transport items). <input checked="" type="checkbox"/> Cleaning and sanitizing of meal touch-points and meal counting system between stable cohorts. <input checked="" type="checkbox"/> Adequate cleaning and disinfection of tables between meal periods. <input checked="" type="checkbox"/> Since staff must remove their face coverings during eating and drinking, staff should eat snacks and meals independently, and not in staff rooms when other people are present. Consider staggering times for staff breaks, to prevent congregation in shared spaces. 	

2i. TRANSPORTATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Include transportation departments (and associated contracted providers, if used) in planning for return to service. <input type="checkbox"/> Buses are cleaned frequently. Conduct targeted cleanings between routes, with a focus on disinfecting frequently touched surfaces of the bus (see section 2j of the Ready Schools, Safe Learners guidance). <input type="checkbox"/> Develop protocol for loading/unloading that includes visual screening for students exhibiting symptoms and logs for contact-tracing. This should be done at the time of arrival and departure. <ul style="list-style-type: none"> • If a student displays COVID-19 symptoms, provide a face shield or face covering (unless they are already wearing one) and keep six feet away from others. Continue transporting the student. <ul style="list-style-type: none"> ○ The symptomatic student should be seated in the first row of the bus during transportation, and multiple windows should be opened to allow for fresh air circulation, if feasible. ○ The symptomatic student should leave the bus first. After all students exit the bus, the seat and surrounding surfaces should be cleaned and disinfected. • If arriving at school, notify staff to begin isolation measures. <ul style="list-style-type: none"> ○ If transporting for dismissal and the student displays an onset of symptoms, notify the school. <input type="checkbox"/> Consult with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service. <input type="checkbox"/> Drivers wear face shields or face coverings when not actively driving and operating the bus. <input type="checkbox"/> Inform parents/guardians of practical changes to transportation service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to additional precautions, sanitizing practices, and face coverings). <input type="checkbox"/> Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines applying the guidance in section 1h of the Ready Schools, Safe Learners guidance to transportation settings. 	Not applicable. The school is not providing any bus service at this time.

2j. CLEANING, DISINFECTION, AND VENTILATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Clean, sanitize, and disinfect frequently touched surfaces (e.g. door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) between uses multiple times per day. Maintain clean and disinfected (CDC 	<p>All cleaning protocols will meet or exceed requirements, including, but not limited to:</p> <ul style="list-style-type: none"> • Frequent cleaning of hard surfaces

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>guidance) environments, including classrooms, cafeteria settings and restrooms.</p> <p><input checked="" type="checkbox"/> Clean and disinfect playground equipment at least daily or between use as much as possible in accordance with CDC guidance.</p> <p><input checked="" type="checkbox"/> Apply disinfectants safely and correctly following labeling direction as specified by the manufacturer. Keep these products away from students.</p> <p><input checked="" type="checkbox"/> To reduce the risk of asthma, choose disinfectant products on the EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide, citric acid, or lactic acid) and avoid products that mix these with asthma-causing ingredients like peroxyacetic acid, sodium hypochlorite (bleach), or quaternary ammonium compounds.</p> <p><input checked="" type="checkbox"/> Schools with HVAC systems should evaluate the system to minimize indoor air recirculation (thus maximizing fresh outdoor air) to the extent possible. Schools that do not have mechanical ventilation systems should, to the extent possible, increase natural ventilation by opening windows and doors before students arrive and after students leave, and while students are present.</p> <p><input checked="" type="checkbox"/> Consider running ventilation systems continuously and changing the filters more frequently. Do <u>not</u> use fans if they pose a safety or health risk, such as increasing exposure to pollen/allergies or exacerbating asthma symptoms. Consider using window fans or box fans positioned in open windows to blow fresh outdoor air into the classroom via one window, and indoor air out of the classroom via another window. Fans should not be used in rooms with closed windows and doors, as this does not allow for fresh air to circulate.</p> <p><input checked="" type="checkbox"/> Consider the need for increased ventilation in areas where students with special health care needs receive medication or treatments.</p> <p><input checked="" type="checkbox"/> Facilities should be cleaned and disinfected at least daily to prevent transmission of the virus from surfaces (see CDC's guidance on disinfecting public spaces).</p> <p><input checked="" type="checkbox"/> Consider modification or enhancement of building ventilation where feasible (see CDC's guidance on ventilation and filtration and American Society of Heating, Refrigerating, and Air-Conditioning Engineers' guidance).</p>	<ul style="list-style-type: none"> Frequent cleaning of restrooms Cleaning of playground equipment between cohort use Daily cleaning of all classrooms <p>The HVAC system has been inspected and we are using recommended filters, minimizing indoor air recirculation, increasing ventilation where appropriate, and investigating the possible use of air purification technology.</p>

2k. HEALTH SERVICES

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> OAR 581-022-2220 Health Services, requires districts to “maintain a prevention-oriented health services program for all students” including space to isolate sick students and services for students with special health care needs. While OAR 581-022-2220 does not apply to private schools, private schools must provide a space to isolate sick students and provide services for students with special health care needs.</p> <p><input checked="" type="checkbox"/> Licensed, experienced health staff should be included on teams to determine district health service priorities. Collaborate with health professionals such as school nurses; SBHC staff; mental and behavioral health providers; dental providers; physical, occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC).</p>	

2l. BOARDING SCHOOLS AND RESIDENTIAL PROGRAMS ONLY

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input type="checkbox"/> Provide specific plan details and adjustments in Operational Blueprints that address staff and student safety, which includes how you will approach:</p> <ul style="list-style-type: none"> Contact tracing 	Not applicable

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies. Quarantine of exposed staff or students Isolation of infected staff or students Communication and designation of where the “household” or “family unit” applies to your residents and staff <p><input type="checkbox"/> Review and take into consideration CDC guidance for shared or congregate housing:</p> <ul style="list-style-type: none"> Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible Ensure at least 64 square feet of room space per resident Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary; Configure common spaces to maximize physical distancing; Provide enhanced cleaning; Establish plans for the containment and isolation of on-campus cases, including consideration of PPE, food delivery, and bathroom needs. 	

2m. SCHOOL EMERGENCY PROCEDURES AND DRILLS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> In accordance with ORS 336.071 and OAR 581-022-2225 all schools (including those operating a Comprehensive Distance Learning model) are required to instruct students on emergency procedures. Schools that operate an On-Site or Hybrid model need to instruct and practice drills on emergency procedures so that students and staff can respond to emergencies.</p> <ul style="list-style-type: none"> At least 30 minutes in each school month must be used to instruct students on the emergency procedures for fires, earthquakes (including tsunami drills in appropriate zones), and safety threats. Fire drills must be conducted monthly. Earthquake drills (including tsunami drills and instruction for schools in a tsunami hazard zone) must be conducted two times a year. Safety threats including procedures related to lockdown, lockout, shelter in place and evacuation and other appropriate actions to take when there is a threat to safety must be conducted two times a year. <p><input checked="" type="checkbox"/> Drills can and should be carried out <u>as close as possible</u> to the procedures that would be used in an actual emergency. For example, a fire drill should be carried out with the same alerts and same routes as normal. If appropriate and practicable, COVID-19 physical distancing measures can be implemented, but only if they do not compromise the drill.</p> <p><input checked="" type="checkbox"/> When or if physical distancing must be compromised, drills must be completed in less than 15 minutes.</p> <p><input checked="" type="checkbox"/> Drills should not be practiced unless they can be practiced correctly.</p> <p><input checked="" type="checkbox"/> Train staff on safety drills prior to students arriving on the first day on campus in hybrid or face-to-face engagement.</p> <p><input checked="" type="checkbox"/> If on a hybrid schedule, conduct multiple drills each month to ensure that all cohorts of students have opportunities to participate in drills (i.e., schedule on different cohort days throughout the year).</p> <p><input checked="" type="checkbox"/> Students must wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol after a drill is complete.</p>	Emergency drills will be conducted during hybrid learning.

2n. SUPPORTING STUDENTS WHO ARE DYSREGULATED, ESCALATED, AND/OR EXHIBITING SELF-REGULATORY CHALLENGES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Utilize the components of Collaborative Problem Solving or a similar framework to continually provide instruction and skill-building/training related to the student's demonstrated lagging skills. ☒ Take proactive/preventative steps to reduce antecedent events and triggers within the school environment. ☒ Be proactive in planning for known behavioral escalations (e.g., self-harm, spitting, scratching, biting, eloping, failure to maintain physical distance). Adjust antecedents where possible to minimize student and staff dysregulation. Recognize that there could be new and different antecedents and setting events with the additional requirements and expectations for the 2020-21 school year. ☒ Establish a proactive plan for daily routines designed to build self-regulation skills; self-regulation skill-building sessions can be short (5-10 minutes), and should take place at times when the student is regulated and/or is not demonstrating challenging behaviors. ☒ Ensure all staff are trained to support de-escalation, provide lagging skill instruction, and implement alternatives to restraint and seclusion. ☒ Ensure that staff are trained in effective, evidence-based methods for developing and maintaining their own level of self-regulation and resilience to enable them to remain calm and able to support struggling students as well as colleagues. ☒ Plan for the impact of behavior mitigation strategies on public health and safety requirements: <ul style="list-style-type: none"> • Student elopes from area <ul style="list-style-type: none"> ○ If staff need to intervene for student safety, staff should: <ul style="list-style-type: none"> • Use empathetic and calming verbal interactions (i.e. "This seems hard right now. Help me understand... How can I help?") to attempt to re-regulate the student without physical intervention. • Use the least restrictive interventions possible to maintain physical safety for the student and staff. • Wash hands after a close interaction. • Note the interaction on the appropriate contact log. ○ *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs. • Student engages in behavior that requires them to be isolated from peers and results in a room clear. <ul style="list-style-type: none"> ○ If students leave the classroom: <ul style="list-style-type: none"> • Preplan for a clean and safe alternative space that maintains physical safety for the student and staff • Ensure physical distancing and separation occur, to the maximum extent possible. • Use the least restrictive interventions possible to maintain physical safety for the student and staff. • Wash hands after a close interaction. • Note the interaction on the appropriate contact log. ○ *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs. • Student engages in physically aggressive behaviors that preclude the possibility of maintaining physical distance and/or require physical de-escalation or intervention techniques other than restraint or seclusion (e.g., hitting, biting, spitting, kicking, self-injurious behavior). <ul style="list-style-type: none"> ○ If staff need to intervene for student safety, staff should: 	<p>All efforts to support students are focused on student wellness, and intervention is taken in consultation with the School Counselor and the Support Services team, as appropriate. Staff are trained to respond appropriately to de-escalate inappropriate behavior and address self-regulatory challenges and are trained to secure support from school administrators, as needed.</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ● Maintain student dignity throughout and following the incident. ● Use empathetic and calming verbal interactions (i.e. “This seems hard right now. Help me understand... How can I help?”) to attempt to re-regulate the student without physical intervention. ● Use the least restrictive interventions possible to maintain physical safety for the student and staff ● Wash hands after a close interaction. ● Note the interaction on the appropriate contact log. <ul style="list-style-type: none"> ○ *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs. <p><input checked="" type="checkbox"/> Ensure that spaces that are unexpectedly used to deescalate behaviors are appropriately cleaned and sanitized after use before the introduction of other stable cohorts to that space.</p> <p>Protective Physical Intervention</p> <p><input checked="" type="checkbox"/> Reusable Personal Protective Equipment (PPE) must be cleaned/sanitized after every episode of physical intervention (see section 2j of the <i>Ready Schools, Safe Learners</i> guidance: Cleaning, Disinfection, and Ventilation).</p>	

3. Response to Outbreak

3a. PREVENTION AND PLANNING

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> Review the “Planning for COVID-19 Scenarios in Schools” toolkit.</p> <p><input checked="" type="checkbox"/> Coordinate with Local Public Health Authority (LPHA) to establish communication channels related to current transmission level.</p>	PJA is in contact with the Multnomah County Health Department and their school liaison, Greg Belisle, as necessary.

3b. RESPONSE

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> Review and utilize the “Planning for COVID-19 Scenarios in Schools” toolkit.</p> <p><input checked="" type="checkbox"/> Ensure continuous services and implement Comprehensive Distance Learning.</p> <p><input checked="" type="checkbox"/> Continue to provide meals for students.</p>	<p>The school’s response to an outbreak follows the protocols outlined in the school’s Communicable Disease Plan.</p> <p>PJA is operating with a CDL model.</p>

3c. RECOVERY AND REENTRY

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> Review and utilize the “Planning for COVID-19 Scenarios in Schools” toolkit.</p> <p><input checked="" type="checkbox"/> Clean, sanitize, and disinfect surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and follow CDC guidance for classrooms, cafeteria settings, restrooms, and playgrounds.</p> <p><input checked="" type="checkbox"/> When bringing students back into On-Site or Hybrid instruction, consider smaller groups, cohorts, and rotating schedules to allow for a safe return to schools.</p>	Reopening and re-entry follows all OHA and CDC guidelines and is coordinated with the Multnomah County Health Department.

ASSURANCES

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

This section does not apply to private schools.

- ☐ We affirm that, in addition to meeting the requirements as outlined above, our school plan has met the collective requirements from ODE/OHA guidance related to the 2020-21 school year, including but not limited to requirements from:
- Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
 - The [Comprehensive Distance Learning](#) guidance,
 - The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
 - [Planning for COVID-19 Scenarios in Schools](#)
- ☐ We affirm that we cannot meet all of the collective requirements from ODE/OHA guidance related to the 2020-21 school year from:
- Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
 - The [Comprehensive Distance Learning](#) guidance,
 - The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
 - [Planning for COVID-19 Scenarios in Schools](#)

We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled “Assurance Compliance and Timeline” below.

4. Equity

5. Instruction

6. Family, Community, Engagement

7. Mental, Social, and Emotional Health

8. Staffing and Personnel

Assurance Compliance and Timeline

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met	Provide a Plan and Timeline to Meet Requirements <i>Include how/why the school is currently unable to meet them</i>
