*FPS Camera and Microphone Test*

## How to test your camera and microphone

1) Open up Chrome and go to the website test.bigbluebutton.org

2) Type FPS into the name field and click "Join"

3) When the Microphone pop up appears, click on "Microphone"

4) If a pop up appears asking if you wish to allow the microphone, click "Allow"

5) You will be able to speak into your microphone. If you can hear yourself, the microphone is working. Click on the green "Thumbs Up" button.

6) You will now see the Big Blue Button home screen. Click on the camera icon at the bottom of the screen to turn on the camera.

7) If a pop up appears asking if you wish to allow the camera, click "Allow"

8) You will now see your camera appear with and image on the screen. If you can see the image, your camera is working properly.
