Dear Parent:

Federal legislation, the No Child Left Behind Act of 2001 and the National Defense Authorization Act of 2002 require the Greenwich Board of Education to provide, upon a request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses, and telephone listings. These statutory provisions took effect on May 31, 2002. Greenwich High School complies with this requirement by releasing to military recruiters and post high school educational institutions requested "directory information."

The legislation provides for a parent of a secondary school student or a student who has reached the age of majority to object to the release of directory information to such organizations without written consent. A parent or eligible student who objects to disclosure of such information without prior consent may file a notice of objection with the school district. However, parents objecting to release and filing appropriate forms may not object to only one organization. Requests to withhold directory information will apply equally to both military recruiters and institutions of high education.

To ensure that such information is not disclosed to military recruiters and institutions of higher education, any such objections must be made in writing to and received by Greenwich High School by September 14, 2020. We have attached a form that parents or eligible students may file to prohibit the release of directory information. Please return this form to the main office at Greenwich High School no later than September 14th if you wish us to withhold the directory information described above.

Sincerely,

Ralph Mayo

GREENWICH HIGH SCHOOL
