

Pupil Information - Bus Travel

Think about the way you travel. Choose active, sustainable modes where possible.
Allow more time for your journeys and plan ahead.

How to check live bus times

Remember always plan your journey before you travel

1. Check your bus number
2. Download the bus operator's travel app to check real time bus information
3. You can scan this QR code to download bus apps for your journey

What to do if you cannot get on board a bus because they are too crowded?

- Consider walking to school or home if you live close enough. *It takes approximately 20 minutes to walk a mile at a moderate pace. Use the walking map.*

In the morning

1. Use the bus operator's app to check when the next bus is due, or look at the real time bus information at the bus stop.
2. Make sure you call your parent/guardian to let them know if you are delayed. They can call your school if necessary.

After school

1. Use the bus operator's app to check when the next bus is due, or look at the real time bus information at the bus stop.
2. If you are still waiting to board a bus after 45 minutes, make sure you call your parent/guardian to let them know you are delayed.
3. Walk back to your school and let a teacher know that you cannot get on a bus. They will call the Council to arrange a minibus to pick you up at the bus stop. The minibus will travel along your usual bus route and stop at the bus stops. The driver will not take you home directly.

Don't forget your face covering!
