

Meet the School Social Worker

Hello Glacier Hills Huskies! I'm **Ms. Kroeze** and I'm joining your wonderful school as your School Social Worker.

About Me...

I've been a school social worker for 15 years. I have a Master's Degree in Social Work from the University of St. Thomas. I live in South St. Paul with my family and love to watch my kids play soccer and hockey. I also enjoy walking my two dogs, listening to audiobooks, cooking, and being outside. I value overall wellbeing and focus on the strengths of the students and families I work with.

What I do...

- I support students' social and emotional wellbeing through consultation with caregivers and teachers, as well as provide individual and small group work with students
- I'm here to help support and connect families to community and mental health resources
- I hope to join in partnership with parents and caregivers, to support you & your children as we navigate this year together.

Christine Kroeze, MSW LICSW
