Wednesday 16th January 2019

DAVOS WEATHER REPORT

TEMPERATURE: 1°C **WIND:** 11 KM/H

OUTLOOK: PARTLY CLOUDY, SNOW TOMORROW

Updates from the children...

Markus, P7E

I am the room leader with Nic and Raphael. Today we went shopping and there were lots of things available. We were allowed to spend CHF10 for a souvenir. Some children bought Davos mugs and others bought magnets. We are having a lot of fun!

Cainain, P8

I would like to report on the dinner menus we have been having so far. Yesterday we had spaghetti and today we are having chicken with fried potatoes and vegetables. For vegetarians it was vege burgers! The breakfasts are nice too with cereal, bread and yoghurt. We also have hot chocolate to drink. After eating we will play games.

Reeyan, P6J

In my room the room leader is Isaac who is very good. I am also with Aarya and Noah. We have room inspection every day by the teachers who check we are keeping everything neat and tidy. They are very fussy but we won the competition last night! We have bunk beds and our own private bathroom.

Azaan P6K

I would like to talk about lunchtime today. We came back to the hotel after skiing in the morning. We were all very hungry! We had different choices available. We could have three types of cheese, bread, rolls, hard boiled eggs and we also had cucumbers and ham. We drank strawberry actimel. After lunch we went skiing again.

William P6K

In my group there are a lot of my friends. Some of the slopes are hard but some are easy. The hardest part of getting up the mountain is the T-bar but I can do it without falling off. My instructor's name is Nejic. He is very nice and we are all learning a lot. The snow is lovely and powdery. The best thing is when we get to go down the mountain fast with our instructor!

The children have enjoyed another lovely day and were skiing in great conditions and sunny weather.
